Hearnes says he'll tell all

KANSAS CITY (AP) — Former Gov. Warren Hearnes arrived at the federal courthouse today 30 minutes before his scheduled appearance before a grand jury and said he had come to answer any questions the jurors wanted to ask.

"It's not a question of me telling the grand jury anything. It's me telling them what they want to know," Hearnes said in a sidewalk interview.

Asked if he would tell the grand jury, investigating alleged corruption during his administration, that he was innocent of any wrongdoing, Hearnes replied: "That's what I've said again and again all along."

Hearnes was carrying a briefcase and was accompanied by his wife and aides when he arrived for the session, which he has called a showdown. Mrs. Hearnes was carrying what appeared to be a large chart or poster wrapped in paper. She waited in an anteroom in the U.S. attorney's office and declined to answer questions about her husband.

The former governor has been critical of the federal prosecutor's office in the past for conducting what he called a politically motivated probe. But he said today that as far as he can detect there has been no organized effort by the prosecutors to impugn his administration or discredit him personally.

Hearnes conceded that in the heat of political exchanges he may have left the wrong impression in some of his earlier statements about the prosecutors.

Asked if he would make a statement after his appearance, Hearnes replied: "I don't know how long I'm going to be here. It might be two hours or two days. It depends on the circumstances. If I'm in there for six hours, I might not feel like sayinng anything until the next day."

An hour after the ex-governor's arrival at the courthouse, Asst. U.S. Atty. Robert Schneider stepped outside the grand jury room and announced: "The grand jury calls Warren E. Hearnes."

Hearnes, who had met with the U.S. attorney for about 30 minutes to discuss grand jury procedures, walked into the grand jury room alone carrying his briefcase, a chart and a sheaf of papers from a long yellow legal pad. Three attorneys who accompanied him to the courthouse waited outside.

Also in the grand jury room beside the U.S. attorney and Schneider on behalf of the governnor was Paul Anthony White, another assistant prosecutor who has spearheaded the grand jury investigation into the Hearnes administration and the ex-governor's finances.

Announcing as a candidate for the U.S. Senate in 1976, Hearnes demanded a chance to appear before the grand jury and was granted an appointment for March 17.

Farmers race against time

Farmers raced their machinery against predicted rains early this week until the weather wouldn't hold off any longer. This farmer, near Vanduser, managed to get his ground broken before the rain began. Several farmers in the Sikeston area did manage to break ground, but only a few were able to start planting ahead of the weather. (Daily Standard photo)

Mayors give support to ambulance district

ILLMO — By a unanimous vote Tuesday night, the Scott County Mayors Association came out in support of a proposal to establish a countywide ambulance district. The action came after discussion of what such a district would involve.

To form an ambulance district, petitions must be gathered requesting that an election be held to vote on whether or not a district should be formed. The Scott County Court in January decided that if 1,100 qualified voters sign the petitions prepared by the court such an election would be held.

Presiding Judge Louie Hirschowitz of Oran told the mayors Tuesday night that the petitions have been circulating in the county but that the people are not responding. The mayors agreed to work on gathering signatures on the petitions.

If enough persons sign the petitions, the County Court will schedule a public hearing within 30 to 40 days. After the hearing, if the petitions comply with the law, the court will issue an order calling for an election to be held within 30 to 90 days.

Approval by a simple majority of voters living within the proposed district, is required for passage.

Upon approval, the court will issue an order declaring the ambulance district organized and divide the district into six districts for election purposes only. Within 90 days, the court will call an election to elect one director from each district.

These six directors will form the board of directors for the ambulance district and will serve without pay. Operation of ambulance service will then be taken away from the County Court or private companies.

The board of directors will run the service, levy a tax of not more than 15 cents per $100 valuation to finance the service and place ambulances where they wish in the area. The board can, however, contract with a private company to provide ambulance service.

In addition to the mayors association, a committee from the Illmo-Scott City area, working to get an ambulance

McCord to head school board

The Sikeston Board of Education Tuesday re-elected Bob McCord as president for a second one-year term.

The election followed certification of the April 1 election results.

The board also decided three officers should continue in their posts, Bill Huff as vice president, Fielding Potashnick as secretary and Charles Simpson as treasurer.

Assistant High School Principal Bob Buchanan gave the board a summary of his responsibilities at the high school.

Head Librarian Fred Huff discussed the library system in the school district.

The district had a $9,000 natural gas bill in March and Harbin gave the board a table showing why the gas bill was so high.

Harbin said that both the consumption and price of gas has risen since last year. In February, 1974, gas consumption was 82,782 cubic feet at a cost of $7,204.58 while in March of this year, consumption was 81,698 cubic feet, while the cost jumped to $9,056.99.

The board hired a number of nontenured teachers for the coming school year and hired several administrative personal. Supt. Sam Harbin was given a three-year contract by the board until July 1978.

Adminitrative staff rehired includes Harley Barnes, Wade Bedwell, Howard Brown, Robert Buchanan, W. L. Clayton, James Coppage, Jack Cothern, Ernest Elledge,Donald Fulton, Gerald Jackson, Allen Mays, Robert Miller, Larry Nickell, Jerry Nunn, Billy Priday, Roger Sherman, William Sikes, Tony Statler, and Gordon Atchison.

Non tenure teachers hired by the board are:

Jean Ann Allen, Gayle Baker, Staney Bandermann, Judy Barks, Rosemary Barr, Harry Batts, Linda Berry, Betty Bollinger, Steve Borgsmiller, David Britt, Dorothy Brown, Judy Buck, Judy Burge

Dan Cannon, Edward Cowan, Jacqueline Cowan, Eleanor Crowell, Jean Dixon, Sue Ann Dockins, Pam Edwards, Webb Edwards, Gary Flenner, Mike Foster, Randal Greenlee, Lavada Hall, Diane Happe, Shirley Harris, Judith Hawley, Earl Henderson, Albert Holmes.

Chaffee youth wins scholarship

WASHINGTON, D. C. — Rep. Bill D. Burlison today announced the selection of Clifford Free of Chaffee by the Department of the Army to receive a four-year ROTC Scholarship Award.

Free was one of the 1,224 outstanding high school students selected to receive the scholarship from more than 10,000 applicants.

The Congressman explained that each scholarship pays for tuition, textbooks, educational fees, and provides a subsistence allowance of $100 per month for up to 10 months each school year. Selection of four-year scholarship recipients was based on academic excellence, extracurricular activities, physical standards, results of college entrance examination boards, and evaluation of motivation and leadership potential.

Burlison said that the ROTC scholarship program was authorized by Congress in 1964. During school year 1975-76, 6,500 Army scholarships will be in effect. Upon graduation from college and successful completion of the Army ROTC program, scholarship cadets are commissioned as second lieutenants in the United States Army and serve on active duty for four years.

Market basket survey shows food costs down

By JACKIE SCHOENEMAN
Women's Editor

Sikeston's ost of living received a shot in the arm in March when the average food basket cost in Sikeston plummeted 95 cents from the previous month.

The cost of 42 selected items to consumers averaged $31.41 at the end of March, compared to $32.36 for the same items in February.

Food basket costs were determined after a survey of six grocery stores — IGA, Safeway, Liberty, S & S Discount, Marks FoodMart and Barker's Big Star -- the same stores used in previous surveys.

Round steak with bone rose five cents per pound. Otherwise, ground beef still averaged 69 cents a pound and chicken fryers dropped four cents a pound. Bacon was down 11 cents a pound, but tuna was up three cents.

Sugar was the biggest price reversal, dropping a whopping 61 cents per five -pound bag. Three pounds of shortening fell five cents and five pounds of flour squeaked upward by one cent.

A quart of Miracle Whip dropped 12 cents and a three-ounce jar of tea cost the consumer eight cents less last month.

Eleven food-items showed no change--one more over February's expanded list. Included in this list is a half gallon of milk, which has had no price change for the seventh consecutive month.

Turn to page 5 for a table of the 42 items surveyed.

United Cerebral Palsy of Sikeston is one of 300 national affiliates which provide health services and educational programs for many or the 750,000 children and adults in the United States who have cerebral palsy.

Each year, United Cerebral Palsy asks the community to help advance its programs which enable people with cerebral palsy to develop as fully as possible. Since cerebral palsy is caused by brain damage and cannot be arrested, programs focus on continuous growth and development — often a life-long partnership with the disabled person and his family.

Cost of habilitating those with cerebral palsy exceeds $1.6 billion a year. This figure does not include the additional efforts of more than a million volunteers who help in hundreds of cerebral palsy centers and clinics. In addition, millions of dollars are spent on research in an effort to understand the complex circumstances which contribute to cerebral palsy. The United Cerebral Palsy Research and Educational Foundation alone has made more than $13 million available for such purposes since 1955.

With intensive therapy at an early age, some cerebral palsied are eventually able to hold competitive jobs — now about one in five. Many are helped to build skills which enable them to work in more limited ways, and others are able to attain modest but satisfying goals which give meaning and accomplishment to their lives.

Programs providing health services, training and recreational and social opportunities for cerebral palsied are all part of United Cerebral Palsy's effort each year. Support for these services, though, must come from the community on a voluntary basis. Without such funding, United Cerebral Palsy of Sikeston could not provide the kinds of services that the children, teen-agers and adults with cerebral palsy must have.

Recognized For Their Sacrifice

One of our most neglected things in Shelbina is our failure to formally recognize Memorial Day. True, Congress has deprived it of the sanctitiy of a definite date, such as we was given it many years ago. When we stood at the grave of our son, shot down over France on June 2, 1944, we felt a tug at our heart on Memorial Day that there was no flag on a staff in the cemetray, only the little one we had placed with a prayer a few days before. There was no band to play the Star Bangled Banner, and no firing squad to salute the buried war veterans. Yes, there were more flowers and more flags than on any other day, but we learned for a formal recognition of the men who died for our country, and those who served with honor in the armed forces of our country. Even though the crowds which once gathered for this observance dwindled, we would like to see our brave men remembered in a public way. One of these days we and our younger son will lie close to our older son, in the West Lawn of Shelbina's beautiful cemetery. We trust there will be a tall staff on the grounds, flying a big flag, while a smaller flag will be placed by someone beside the stones which mark our places.--Shelbina Democrat

Some Haven' t Done Their History Work

Commendably, our two legislators at Jefferson City, Senator Merrell and Representatives Osbourn, are not in favor of the proposed pay raise for themselves and the other members of the Senate and House.

And-those who were for it haven't done their history work. One way they attempt to justify the raise is that more pay will get a better class of people running for those offices.

Missouri history shows that is not so. When legislators were paid $125 per month for the time they were in Jefferson City, with no extra pay for daily attendance, instead of the present $8,400 per year plus $25 per day for attendance, we had such giants as the late State Representative James P. Boyd, Senator James H. Whitecotton and myriads of others. Today, with the pay much greater, the quality of legislators has not improved.

We seriously doubt if any of those now at Jefferson City would voluntarily quit their jobs, even if the pay were to be reduced. How therefore, can we improve the quality.

Present efforts to increase their pay, if successful, can only result in raisng the wrath of Missourians and the passage of a constitutional amendment that will keep or lower the present salary, take away from the legislators the right to raise their own pay, and put it back with the people who pay them-the taxpayers. That's where it should be now.

The Bonds stayed in the Washington Hilton Hotel while they were in Washington and at least part of the time the official car was parked in a no parking zone.

Travel expenses of the governor and two of his staff attending GOP political meetings were paid by the Republican Governors Association, an assistant said. Most of the three-day trip was not devoted to official state business.

Three top assistants, who were there one day on official business to help the governor discuss state issues with Missouri's congressmen, traveled at state expense, the assistant said.

GOVERNOR BOND THINKS BIG!

It must be that when you are "in the money" and probably in the millionaire class, you simply think big: That is what Governor Christopher Bond does.

T. Wayne Mitchell, a very capable and exact reporter for the Kansas City Star, recently discosed that Governor Bond had called a news conference in Kansas City to denounce what the Governor termed an "erroneous article" written by Mitchell about the employment of James D. Carter by Governor Bond.

But it seems the more the Governor talked the more he got himself involved in his problem. The news article in the Star showed that Carter was an old frind of the A. P. Green family at Mexico, Mo. Mr. Carter was paid $2,500 during each of the two months of January and February as a consultant to Governor Bond.

It was said at one time that Mr. Carter's hours were very, very short. In his press conference in Kansas City, Governor Bond said the hours Mr. Carter worked were available in the Office of Administration, That statement showed how very little the millionaire governor knew what was going on.

Mr. Carter, it seems, had gone to Phoenix for a vacation (the State certainly paid for it), but he was the one who had the record of his hours. Hugh Sprague, who tries his best to keep Governor Bond out of trouble, showed that the Governor had been misinformed about where the records were.

But that $2,500 per month salary paid to Carter did not stop all of the consultant fees by any means. Mr. Carter was not the only consultant. It developed that a Wisconsin consultant, Dale McConkey, had been paid $3,338 a day for four days to train employes how to perform. But that was what Mr. Carter was paid for doing.

Mr. Carter at one time was paid $4,000 for four months for serving as a consultant to the Office of Administration. The work Mr. McConkey did and that Mr. Carter was being paid a rather handsome salary for doing, was just about the same. Both men drew big money.

We show these facts, for it was Candidate Christopher Bond who ran all over Missouri when he sought the office of Governor denouncing Missouri's Governor Warren E. Hearnes. Mr. Bond decried what the Hearnes' administration had done and he was going to put a stop to it when he got to be governor.

Well, he did get to be governor and Mr. Bond is no different than any other governor this state has ever had. He is the wealthiest in all probability and without a doubt knows the least about state government of any governor this state ever had.

Soviets Do It Again: 'Plenarios'--Communists Unreported Apparatus Covertly Taking Over Portuguese Industry

WASHINGTON--After two weeks of digging, my own sources in the international intelligence community corroborate Sen James Buckley's charge that the Sovet bloc is pouring some $10 million monthly into the Portuguese Communist party. Also considerable small arms similar to what was cached for the powerful Italian Communist underground army led by a Comrade Luigi Longi after the war.

Thus the Portuguese Communist party, directed by the veteran labor strategist Alvaro Cunhal, can payroll a national professional full- time work force of some 10,000 men and women activists.

This in turn has led to control of an inter-factory appartus not yet reported in the U.S.--the Plenarios. These now are strong enough to paralyze Portugal by paralyzing its industry, transport and communications.

Plenarios are far more effective than guns or riot squads. They are the "general assemblies" meeting regularly inside the factories and offices of that unhappy nation now almost sure to go completely Communist in the next six months.

These are the work-shop committees, the factory committees, the cell-structured, plant-by-plant workers' industrial force in the image of that created by V. I. Lenin in the early days of the gasping Soviets led by a very shaky Bolshevik party dominated by Chekists (secret policiplinarians.).

In effect, these "Plenarios" dominate each plant. The name springs from the word plenum--a full and open assembly. These are workers' meetings. The employes are told to gather after working hours. They hear from special delegates, mostly controlled by the Communist party, who in turn report to, and take orders from, their section in the Soviet controlled national labor organization known in Lisbon as the Intersyndical. The Plenarios then vote openly--so dissenters can be spotted --and make "decisions." Actually they run the plant. Plenario leaders say they don't want management rights. They say they can't commit the executives (who are not union members, of course). But the workers are "committed." That's enough.

These Plenarios have a committee for virtually every plant function--the canteen, the auto pool, merit raises, executive salaries, absenteeism, ec. But the committee of committees to watch is the purge committee.

This decides, with the workers general-assembly Plenario "approval," all with an aye vote, who is to be dismissed from the plant for the good of the proletariat. Invariably it is the personnel directors. If management demurs, the personnel manager often doesn't. He'd like to return home in one piece, unbloodied.

In the same fashion, the Plenario sessions decide that middle management executives should not get a merit raise. The corporation director objects. But the middle management chap doesn't. If the salary increase appears on his pay check, he attempts to return the extra money to the company. If he can't he just doesn't return. Fear now is the leading product of most industries--which are suffering a national slowdown in production of most Portuguese factories.

Plenario leaders keep insisting they don't want to take over the firm, just do "right," for the sake of thecorporation or business. But they go right on making definitive decision.

If some corporation personnel peope object and quote the law, they are told there really isn't any law and let's go to the Ministry of Labor. There, another committee hears the management grievance. The afair is dispatched to a subcommittee. The decision always favors the "workers."

The Communist run the Labor Ministry now. For a while Minister of Labor Major Martinis, a jet fighter pilot, talked of being even-handed. We had a long conversation on this matter when he was developing the new labor code. But then the Soviets must have made him an offer he couldn't turn down. So he went to Moscow last week with a delegation. They returned with more promises than ever made by a department-store Santa Claus.

Well, maybe Major Martinis decided he should make a neutral show of it. He dispatched his deputy minister, Cpt. Rosa (who also controls radio and television), to the U.S. Here Rosa made the rounds. He got to see the AFL-CIO international affairs officials who didn't put much stock in his prediction that Portugal would not go Communist.

Perhaps his own Armed Forces Movement hasn't told Rosa that the new 21-man national cabinet consists of three Communist party members, four of their front men and eight pro-Communist army officers. That's 15 out of 21. Seems to me a solid majority.

They've already nationalized the banks and insurance companies. And through the banks' securities portfolios the government controls considerable (at least 30 per cent) industrial production. Add to that the communications and transportation systems and the Communists are well on their way.

Thus Portugal, lovely land of gentle people, good wines, strong sun and unsophisticated proletarians, is in the Soviet apparatus control. That's how it was when Fidel Castro threw his "interveners" into Cuban industry in the early days. Just watch. So few people really are.

JACK ANDERSON SAYS: HEW's Giveaway Given Away By JACK ANDERSON with Les Whitten

AWASHINGTON--Incredibly, the Health, Education and Welfare Department has given away millions worth of government property to contractors without bothering to account for it.

In a series of hushed memos, HEW's Office of Education has owned up to the loss and is trying to cover it up before Congress discovers how much is missing.

Unfortunately for the cover-up effort, we have the memos. They tell how federal educators in 1971 ad 1972 loaned millions upon millions worth of property--from desks to teaching ads--to organizations that received government grants.

By 1974, the loaned property had been gone for two years, and the Office of Education feared someone would ask where it all was. To their horror, they discovered they simply didn't know. Indeed, some of the groups that had borrowed property no longer existed.

To cover up this enormous loss, the Office of Education came up with a stunning plot. They would simply declare that the missing property no longer belonged to the taxpayers.

On Sept. 17, therefore, the federal educators asked Secretary Caspar Weinberger's office whether they could "treat federally-owned property in the possession of grantees the same as grantee-owned property."

Translated, this meant the eductors wanted to write the missing property off the books. But Weinberger had been the government's chief budget officer before he moved over to HEW. He wasn't fooled, therefore, by this now-you-see-it, no-you-don't ploy.

The confidential documents show that on Dec. 10 Weinberger-s office ordered a search for the vanished property. Three months later, his aides cme up with their dismal findings.

"Records on file are inadequate," they reported. "Documents, estimated to number 15,000 representing millions of dollars are 'bundled' by state and filed way." The automated systems that are supposed to keep track of government property "are inoperative," they added, "and current fiscal general ledger accounts do not exist for this property."

Worse, no one was doing anything at the Office of Education "to rectify this situation," they confided.

Angrily, Weinberger's office demanded a full accounting from the Office of Education in six months. "Immedite action must be taken," directed the memo. "Urgency is occasioned by the fact that this situation has been existent for a prolonged period."

Justified as Weinberger's fury may be, our sources say a full accounting is now impossible. For he is trying to close the door, unhappily, after the furniture has disappeared. The small amount that can be retrieved, say our sources, may not be worth the trouble it will take to find it.

INTELLIGENCE DIGEST: From secret intelligence reports, here are a few fascinating glimpses behind the headlines:

There has been no rejoicing in Peking, according to one report, over the North Vietnamse triumphs in Southeast Asia. Officially, the Chinese have congratulated their comrades in Hanoi. But unofficially, they are worried that North Vietnam may take over all Southeast Asia and establish itself as a rival power.

Secret military estimates claim that Israel has recovered from its 1973 war losses and has built a military force more powerful than ever. The Arab armies, according to the estimates, are lagging far behind and would be no match for Israel on the battlefield. The Arabs, however, have far more diplomatic and economic clout.

Egypt's President Anwar Sadat is pressing ahead with the economic development of his country as if he expects peace. To attact Western industrialists to invest in Egypt, he has pledged not to nationalize their plants. He will also grant them complete exemption from taxes for eight years and will permit them to remove profits from the country without restriction.

The appointment of Nathaniel Davis to handle African affairs for the State Department has stirred far more resentment that was ever anticipated. The secret diplomatic cables from all over Africa report that the black nations generally regard the appointment as evidence that te United States is insensitive to their problems and has assigned a low priority to African affairs. Some black leaders, according to the intelligence reports, also believe the United States is tilting toward the white governments of South Africa and Rhodesia.

General Idi Amin, the madcap dictator of Uganda, has ordered a ban on all hoes produced in the country. Although Uganda has an estimated 123,000 of the garden tools in stock, Amin has charged sternly that hoes are being smugled to neighboring Burundi, Rwanda, Sudan and Zaire. He has also accused Ugandan businessmen of hording hoes to create artificial shortages.

United Cerebral Palsy of Sikeston is one of 300 national affiliates which provide health services and educational programs for many or the 750,000 children and adults in the United States who have cerebral palsy.

Each year, United Cerebral Palsy asks the community to help advance its programs which enable people with cerebral palsy to develop as fully as possible. Since cerebral palsy is caused by brain damage and cannot be arrested, programs focus on continuous growth and development — often a life-long partnership with the disabled person and his family.

Cost of habilitating those with cerebral palsy exceeds $1.6 billion a year. This figure does not include the additional efforts of more than a million volunteers who help in hundreds of cerebral palsy centers and clinics. In addition, millions of dollars are spent on research in an effort to understand the complex circumstances which contribute to cerebral palsy. The United Cerebral Palsy Research and Educational Foundation alone has made more than $13 million available for such purposes since 1955.

With intensive therapy at an early age, some cerebral palsied are eventually able to hold competitive jobs — now about one in five. Many are helped to build skills which enable them to work in more limited ways, and others are able to attain modest but satisfying goals which give meaning and accomplishment to their lives.

Programs providing health services, training and recreational and social opportunities for cerebral palsied are all part of United Cerebral Palsy's effort each year. Support for these services, though, must come from the community on a voluntary basis. Without such funding, United Cerebral Palsy of Sikeston could not provide the kinds of services that the children, teen-agers and adults with cerebral palsy must have.

GOVERNOR BOND THINKS BIG!

It must be that when you are "in the money" and probably in the millionaire class, you simply think big: That is what Governor Christopher Bond does.

T. Wayne Mitchell, a very capable and exact reporter for the Kansas City Star, recently discosed that Governor Bond had called a news conference in Kansas City to denounce what the Governor termed an "erroneous article" written by Mitchell about the employment of James D. Carter by Governor Bond.

But it seems the more the Governor talked the more he got himself involved in his problem. The news article in the Star showed that Carter was an old frind of the A. P. Green family at Mexico, Mo. Mr. Carter was paid $2,500 during each of the two months of January and February as a consultant to Governor Bond.

It was said at one time that Mr. Carter's hours were very, very short. In his press conference in Kansas City, Governor Bond said the hours Mr. Carter worked were available in the Office of Administration, That statement showed how very little the millionaire governor knew what was going on.

Mr. Carter, it seems, had gone to Phoenix for a vacation (the State certainly paid for it), but he was the one who had the record of his hours. Hugh Sprague, who tries his best to keep Governor Bond out of trouble, showed that the Governor had been misinformed about where the records were.

But that $2,500 per month salary paid to Carter did not stop all of the consultant fees by any means. Mr. Carter was not the only consultant. It developed that a Wisconsin consultant, Dale McConkey, had been paid $3,338 a day for four days to train employes how to perform. But that was what Mr. Carter was paid for doing.

Mr. Carter at one time was paid $4,000 for four months for serving as a consultant to the Office of Administration. The work Mr. McConkey did and that Mr. Carter was being paid a rather handsome salary for doing, was just about the same. Both men drew big money.

We show these facts, for it was Candidate Christopher Bond who ran all over Missouri when he sought the office of Governor denouncing Missouri's Governor Warren E. Hearnes. Mr. Bond decried what the Hearnes' administration had done and he was going to put a stop to it when he got to be governor.

Well, he did get to be governor and Mr. Bond is no different than any other governor this state has ever had. He is the wealthiest in all probability and without a doubt knows the least about state government of any governor this state ever had.

TALE OF WOE

If you think you have troubles, pity the poor editor. If he attends a meeting he's being nosy; if he doesn't , he isn't interested. If he writes an indepth story, it's too long; if he condenses one, it's incomplete. If he takes sides on an issue he is prejudiced: if he doesn't, he is a coward. If he asks for advice, he's incompetent; if he doesn't he is a know-it-all. If he makes a mistake, he hears about it for weeks; if he doesn't he never hears about it. If he expresses an opinion, he wants to run the show; if he doesn't he lacks guts. If he misspells your name, you never forget it; if he doesn't, you didn't read that story.

Soviets Do It Again: 'Plenarios'--Communists Unreported Apparatus Covertly Taking Over Portuguese Industry

WASHINGTON--After two weeks of digging, my own sources in the international intelligence community corroborate Sen James Buckley's charge that the Sovet bloc is pouring some $10 million monthly into the Portuguese Communist party. Also considerable small arms similar to what was cached for the powerful Italian Communist underground army led by a Comrade Luigi Longi after the war.

Thus the Portuguese Communist party, directed by the veteran labor strategist Alvaro Cunhal, can payroll a national professional full- time work force of some 10,000 men and women activists.

This in turn has led to control of an inter-factory appartus not yet reported in the U.S.--the Plenarios. These now are strong enough to paralyze Portugal by paralyzing its industry, transport and communications.

Plenarios are far more effective than guns or riot squads. They are the "general assemblies" meeting regularly inside the factories and offices of that unhappy nation now almost sure to go completely Communist in the next six months.

These are the work-shop committees, the factory committees, the cell-structured, plant-by-plant workers' industrial force in the image of that created by V. I. Lenin in the early days of the gasping Soviets led by a very shaky Bolshevik party dominated by Chekists (secret posisciplinarians.).

In effect, these "Plenarios" dominate each plant. The name springs from the word plenum--a full and open assembly. These are workers' meetings. The employes are told to gather after working hours. They hear from special delegates, mostly controlled by the Communist party, who in turn report to, and take orders from, their section in the Soviet controlled national labor organization known in Lisbon as the Intersyndical. The Plenarios then vote openly--so dissenters can be spotted --and make "decisions." Actually they run the plant. Plenario leaders say they don't want management rights. They say they can't commit the executives (who are not union members, of course). But the workers are "committed." That's enough.

These Plenarios have a committee for virtually every plant function--the canteen, the auto pool, merit raises, executive salaries, absenteeism, ec. But the committee of committees to watch is the purge committee.

This decides, with the workers general-assembly Plenario "approval," all with an aye vote, who is to be dismissed from the plant for the good of the proletariat. Invariably it is the personnel directors. If management demurs, the personnel manager often doesn't. He'd like to return home in one piece, unbloodied.

In the same fashion, the Plenario sessions decide that middle management executives should not get a merit raise. The corporation director objects. But the middle management chap doesn't. If the salary increase appears on his pay check, he attempts to return the extra money to the company. If he can't he just doesn't return. Fear now is the leading product of most industries--which are suffering a national slowdown in production of most Portuguese factories.

Plenario leaders keep insisting they don't want to take over the firm, just do "right," for the sake of thecorporation or business. But they go right on making definitive decision.

If some corporation personnel peope object and quote the law, they are told there really isn't any law and let's go to the Ministry of Labor. There, another committee hears the management grievance. The afair is dispatched to a subcommittee. The decision always favors the "workers."

The Communist run the Labor Ministry now. For a while Minister of Labor Major Martinis, a jet fighter pilot, talked of being even-handed. We had a long conversation on this matter when he was developing the new labor code. But then the Soviets must have made him an offer he couldn't turn down. So he went to Moscow last week with a delegation. They returned with more promises than ever made by a department-store Santa Claus.

Well, maybe Major Martinis decided he should make a neutral show of it. He dispatched his deputy minister, Cpt. Rosa (who also controls radio and television), to the U.S. Here Rosa made the rounds. He got to see the AFL-CIO international affairs officials who didn't put much stock in his prediction that Portugal would not go Communist.

Perhaps his own Armed Forces Movement hasn't told Rosa that the new 21-man national cabinet consists of three Communist party members, four of their front men and eight pro-Communist army officers. That's 15 out of 21. Seems to me a solid majority.

They've already nationalized the banks and insurance companies. And through the banks' securities portfolios the government controls considerable (at least 30 per cent) industrial production. Add to that the communications and transportation systems and the Communists are well on their way.

Thus Portugal, lovely land of gentle people, good wines, strong sun and unsophisticated proletarians, is in the Soviet apparatus control. That's how it was when Fidel Castro threw his "interveners" into Cuban industry in the early days. Just watch. So few people really are.

JACK ANDERSON SAYS: HEW's Giveaway Given Away By JACK ANDERSON with Les Whitten

AWASHINGTON--Incredibly, the Health, Education and Welfare Department has given away millions worth of government property to contractors without bothering to account for it.

In a series of hushed memos, HEW's Office of Education has owned up to the loss and is trying to cover it up before Congress discovers how much is missing.

Unfortunately for the cover-up effort, we have the memos. They tell how federal educators in 1971 ad 1972 loaned millions upon millions worth of property--from desks to teaching ads--to organizations that received government grants.

By 1974, the loaned property had been gone for two years, and the Office of Education feared someone would ask where it all was. To their horror, they discovered they simply didn't know. Indeed, some of the groups that had borrowed property no longer existed.

To cover up this enormous loss, the Office of Education came up with a stunning plot. They would simply declare that the missing property no longer belonged to the taxpayers.

On Sept. 17, therefore, the federal educators asked Secretary Caspar Weinberger's office whether they could "treat federally-owned property in the possession of grantees the same as grantee-owned property."

Translated, this meant the eductors wanted to write the missing property off the books. But Weinberger had been the government's chief budget officer before he moved over to HEW. He wasn't fooled, therefore, by this now-you-see-it, no-you-don't ploy.

The confidential documents show that on Dec. 10 Weinberger-s office ordered a search for the vanished property. Three months later, his aides cme up with their dismal findings.

"Records on file are inadequate," they reported. "Documents, estimated to number 15,000 representing millions of dollars are 'bundled' by state and filed way." The automated systems that are supposed to keep track of government property "are inoperative," they added, "and current fiscal general ledger accounts do not exist for this property."

Worse, no one was doing anything at the Office of Education "to rectify this situation," they confided.

Angrily, Weinberger's office demanded a full accounting from the Office of Education in six months. "Immedite action must be taken," directed the memo. "Urgency is occasioned by the fact that this situation has been existent for a prolonged period."

Justified as Weinberger's fury may be, our sources say a full accounting is now impossible. For he is trying to close the door, unhappily, after the furniture has disappeared. The small amount that can be retrieved, say our sources, may not be worth the trouble it will take to find it.

INTELLIGENCE DIGEST: From secret intelligence reports, here are a few fascinating glimpses behind the headlines:

There has been no rejoicing in Peking, according to one report, over the North Vietnamse triumphs in Southeast Asia. Officially, the Chinese have congratulated their comrades in Hanoi. But unofficially, they are worried that North Vietnam may take over all Southeast Asia and establish itself as a rival power.

Secret military estimates claim that Israel has recovered from its 1973 war losses and has built a military force more powerful than ever. The Arab armies, according to the estimates, are lagging far behind and would be no match for Israel on the battlefield. The Arabs, however, have far more diplomatic and economic clout.

Egypt's President Anwar Sadat is pressing ahead with the economic development of his country as if he expects peace. To attact Western industrialists to invest in Egypt, he has pledged not to nationalize their plants. He will also grant them complete exemption from taxes for eight years and will permit them to remove profits from the country without restriction.

The appointment of Nathaniel Davis to handle African affairs for the State Department has stirred far more resentment that was ever anticipated. The secret diplomatic cables from all over Africa report that the black nations generally regard the appointment as evidence that te United States is insensitive to their problems and has assigned a low priority to African affairs. Some black leaders, according to the intelligence reports, also believe the United States is tilting toward the white governments of South Africa and Rhodesia.

General Idi Amin, the madcap dictator of Uganda, has ordered a ban on all hoes produced in the country. Although Uganda has an estimated 123,000 of the garden tools in stock, Amin has charged sternly that hoes are being smugled to neighboring Burundi, Rwanda, Sudan and Zaire. He has also accused Ugandan businessmen of hording hoes to create artificial shortages.

CIRCUIT COURT

NEW MADRID — Six persons pleaded guilty to criminal charges Tuesday in Circuit Court before Judge William L. Ragland, who granted probation to five and suspended the sentence against the other.

Jimmie Jones was granted probation without supervision when he pleaded guilty to a felonious assault charge and was sentenced to five years in custody the Department of Corrections. He had been accused of shooting a .25 caliber automatic pistol at Irma Jean Jones on Nov. 8, 1974.

Probation without supervision was granted Charles Price, who received concurrent two-year terms in custody of the Department of Corrections on burglary and stealing charges. He pleaded guilty to burglarizing the New Madrid Head Start Center on March 5 and stealing canned and frozen meats valued at $200.

Elbert Knight was granted probation with supervision when he pleaded guilty to felonious assault on Aug. 31, 1974 with a loaded shotgun upon Victor McCurter and received a two-year sentence in custody of the Department of Corrections.

A two-year term in custody of the Department of Corrections wass imposed against Charles Cook and he was granted probation with supervision. Cook pleaded guilty to carrying a concealed .38 caliber revolver on March 8.

Jack Gibson Perry was granted probation with supervision after he was given a two-year term in custody of the Department of Corrections for feloniously stealing a car on March 23 that belonged to Larry Baker of Malden Route One.

A felonious stealing charge against Mary Lee Matthews was reduced to a misdemeanor and she was fined $25 plus costs. A six-months county jail sentence was suspended upon payment of costs and during good behavior and the was granted 30 days to pay fine and costs. She was accused of stealing a portale record player valued at less than $50 that belonged to Rene Gaddis.

New Madrid Tractor Co. was awarded $3,516.01 judgment in an account suit against Robert Bird.

In the matter of Ralph Anderson Testamentary Trust, Robert W. Blom was named co-trustee to succeed H. B. Campbell, now deceased.

OCEANIC EASTER

KANSAS CITY (AP) — Easter Island in the Pacific Ocean, located some 2,400 miles west of Chile, was so named because of its discovery on Easter Sunday, 1722, by the Dutch Admiral Roggeveen. But Eastertime religious celebrations have been held there only since 1868, when the island's inhabitants were converted to Christianity, reports Hallmark researcher Sally Hopkins.

FIRE

Firemen were called to a weed fire at 6:35 p.m. in the Sunset Cemetery.

Firemen said the fire burned a large area of weeds, and damaged a shed in the cemetery.

The fire was caused by burning trash, firemen said.

MAGISTRATE COURT

NEW MADRID — Richard James Watson Jr., 20, of East Prairie has been bound over to Circuit Court for trial on felony charge of possession of burglary tools after he waived a preliminary hearing before Magistrate Judge John R. Bailey.

Watson was charged along with two other East Prairie men, James Mike Hawkins, 20, and Donnie Julian Matthews, when bolt cutters, a pry bar and a ripping bar were found in their possession at the time of an apparent break-in attempt at Morehouse Drug Co. on Feb. 20. Hawkins and Matthews are awaiting a preliminary hearing requested earlier. Bonds for the men first set at $5,000 have been reduced to $2,500.

William Wayne Wesley of St. Louis was arraigned on a felony charge of breaking and entering the dwelling of Edith Howard near Gideon. The court appointed an attorney for Wesley and set bond at $200.

OCEANIC EASTER

KANSAS CITY (AP) — Easter Island in the Pacific Ocean, located some 2,400 miles west of Chile, was so named because of its discovery on Easter Sunday, 1722, by the Dutch Admiral Roggeveen. But Eastertime religious celebrations have been held there only since 1868, when the island's inhabitants were converted to Christianity, reports Hallmark researcher Sally Hopkins.

Food

Salad uses inexpensive vegetables

Serving a crowd these days can be a fun challenge when you combine a few basic ingredients, a little imagination and a budget, to make a spectacular salad! This is the formula for this main course hearty luncheon salad that will become a mainstay for easy luncheon or supper entrees.

This zesty salad combines macaroni, ham, vegetables and cheese complemented by garlic or cheese garlic salad dressing mix. Before adding the other ingredients, the cooked macaroni is combined with part of the prepared salad dressing and allowed to chill a while to bring out the full flavor of this perfect blend of herbs and seasonings. Serve on a bed of crisp, fresh salad greens and garnish with wedges of hard-cookedeggs and strips of green pepper.

Set up a cheese board with assorted crackers, rally round the table and dig in!

HEARTY LUNCHEON SALAD

1/4 cups elbow macaroni
3/8 quarts (about) boiling salted water
3/4 cup prepared garlic or cheese garlic salad dressing
1/4 cup mayonnaise
1-1/2 cups sliced celery
1/2 cup grated carrot
3/4 cup sliced radishes
1 medium green pepper, chopped
1 small onion, sliced
3 medium tomatoes , cut-in eighths
1/2 pound sliced boiled ham, diced
1/2 pound sliced process American cheese, diced

Cook macaroni in boiling salted water in large saucepan until tender about 10 minutes. Drain well. Add one-half cup of the salad dressing and chill several hours or overnight. Combine remaining salad dressing and the mayonnaise, chill.

Just before serving, add the vegetables, ham, cheese and the mayonnaise mixture to the macaroni; toss lightly. Serve on crisp salad greens. Garnish with hard-cooked egg wedges and green pepper strips if desired. Makes three and one-half quarts or eight entree salads.

Woman boosts college sports

TARKIO, Mo. (AP)-Success, it is said, cannot be argued with. And Tarkio College has known an abundance of success since Bonnie Lee Morrow became the school's first female athletic director.

Since February when Miss Morrow took thejob, with virtually no experience in athletic administration, Tarkio has brought home four athletic championships.

The womens basketball team captured the Heart of America Conference tournament championship and the Missouri Association of Intercollegiate Athletics title.

The mens indoor track team took the District 16 title as well as the Heart of America crown.

Miss Morrow was given the job when Larry Patee was moved up from the athletic directorship to the presidency of the northwest Missouri school, which has a Presbyterian origin, an enrollment of 650, and an all-male coaching staff.

"Here at Tarkio," Patee says, "our athletic directorship is a coordinating responsibiity. No one person directs the total program, and everybody teaches and coaches. Those things have to mesh.

And although Patee says the athletic director "isn't going to hire or fire coaches," Miss Morrow says she is definitely not a rubber stamp for anyone behind the scenes.

"What I want to do is sit down with each coach and establish what goals he is expected to set," she says.

Soon after taking the job Miss Morrow was asked by a coach if she would crack down if he stepped out of line.

She answered, "As long as we both understand what is expected, there won't be any problem."

Miss Morrow was virtually inexperienced in athletic administration when she came to the Tarkio faculty last fall. When the athletic directorship became vacant, Patee says, "We went to the physical education staff, to the president, and to the division chairman. We agreed that Bonnie would be the best choice."

One of Miss Morrow's guiding philosophies in her new job is a belief that athletics must be balanced with other pursuits. One of her official acts was to circulate a memo stressing the importance of coordinating athletic schedules with cultural events, such as concerts and school plays.

At the present, she feels Tarkio's mens basketball team is the school's strongest program.

"But track and cross-country have been strong. I don't know if the football program would be considered weak.

Ann Landers

Elderly woman gets rip-off

Dear Ann Landers: My aunt who is 86 years old and lives in a nursing home was robbed last week. The lovely robe she received for Christmas, two bottles of cologne, her new nighties, an old wristwatch and a plain gold wedding band were stolen when she had to spend a couple days in the infirmary.

How low can a person get? What is this world coming to when someone would steal from an old lady who has so little? Please print my letter and tell me what you think about this.--Plain Disgusted

Dear P.D.: It's sickening. But every day thousands of people are ripped off by unconscionable, sub-human, crazy loons who prey on the helpless. Recently I read that a 27-year-old cerebral palsy victim had his wheelchair stolen.

Your aunt, and others who live in institutions, should have one drawer with a lock on it. This might help reduce the stealing, but the BIG question is--what can we do about our sick society?

Dear Ann Landers: I'm a 18, a senior in high school, and am considered a fairly intelligent, well-balanced girl. I've always thought of myself as mature and able to make good decisions. I am now faced with a problem that is testing these qualities.

I should be floating on Cloud Nine. I'm in love with a great guy. Doug has dated loads of girls but last week he told me he's mine--all mine! The problem: He is my first cousin.

How do I explain this to my family? If Doug and I should decide to marry in a few years, could we have normal children? Please tell me, Ann. I'm --On Needles and Pins

Dear Needles: If both you and Doug are healthy and there are no illnesses, such as epilepsy, diabetes or blood problems in either your family or his, the chances for having normal children are good.

Some states will not permit first cousins to marry, however. Check with a lawyer and find out about yours.

As for your parents, they will probably be pleased if Doug is all you say he is. Moreover, chances for in-law trouble should be vastly reduced since both sets will be an aunt and an uncle!

Dear Ann Landers: Here's one you've never had before. My husband and I were married 25 years. Harvey moved out several months ago and we will be divorced eventually, but because of financial problems it won't be for a while yet.

Harvey fancies himself quite a swinger and wants a vasectomy. (When we were married, the old-fashioned methods were good enough.) Here's the rub. The surgeon won't perform the operation without my signature. Part of me says Harvey is the one with the problem and I shouldn't be sanctioning his new lifestyle by making things easier for him. Another part of me says the the world will not be any better off if Harvey has more children. Also, fatherhood could create additional money problems which we don't need.

Ann, you're so good at cutting through to the heart of the problem. Please help me decide. I want to be fair. --Undecided in Detroit

Dear Dee: This is Harvey's problem. Don't allow him to make it yours. Tell the swinger that not all doctors insist on the wife's signature before they will do a vasectomy and that he should scout around and find one who doesn't.

Is alcoholism ruining your life? Know the danger signals and wht to do. Read the booklet, "Alcoholism--Hope and Help," by Ann Landers. Enclose 50 cents in coin with your request and a long-stamped, self-addressed envelope to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

Club elects new officers

Woman's Civic Club officers elected a new slate of officers recently at meeting in the First United Methodist Church.

Those are: Mrs. Robert Hope, president; Mrs. Gene Potashnick, vice president; Mrs. Hugh Stewart, secretary; and Mrs. Joe Munger, treasurer.

Club members raised their sponsorship fee of Girl's State candidate from $50 to $55. There is still room available for the April 10th bus trip to Memphis, Tenn.

Members plan to save lace scraps, nylon hose and paper bags for use in the Ester Seal Home Crafts Program for handicapped persons.

It was on April 7, 1966, that a lost U.S. hydrogen bomb was recovered from Mediterranean waters off the Spanish coast.

Molasses and syrup will pour completely out of a cup or any container if you will first grease it with butter or cooking oil.

Food

Salad uses inexpensive vegetables

Serving a crowd these days can be a fun challenge when you combine a few basic ingredients, a little imagination and a budget, to make a spectacular salad! This is the formula for this main course hearty luncheon salad that will become a mainstay for easy luncheon or supper entrees.

This zesty salad combines macaroni, ham, vegetables and cheese complemented by garlic or cheese garlic salad dressing mix. Before adding the other ingredients, the cooked macaroni is combined with part of the prepared salad dressing and allowed to chill a while to bring out the full flavor of this perfect blend of herbs and seasonings. Serve on a bed of crisp, fresh salad greens and garnish with wedges of hard-cookedeggs and strips of green pepper.

Set up a cheese board with assorted crackers, rally round the table and dig in!

HEARTY LUNCHEON SALAD

1/4 cups elbow macaroni
3/8 quarts (about) boiling salted water
3/4 cup prepared garlic or cheese garlic salad dressing
1/4 cup mayonnaise
1-1/2 cups sliced celery
1/2 cup grated carrot
3/4 cup sliced radishes
1 medium green pepper, chopped
1 small onion, sliced
3 medium tomatoes , cut-in eighths
1/2 pound sliced boiled ham, diced
1/2 pound sliced process American cheese, diced

Cook macaroni in boiling salted water in large saucepan until tender about 10 minutes. Drain well. Add one-half cup of the salad dressing and chill several hours or overnight. Combine remaining salad dressing and the mayonnaise, chill.

Just before serving, add the vegetables, ham, cheese and the mayonnaise mixture to the macaroni; toss lightly. Serve on crisp salad greens. Garnish with hard-cooked egg wedges and green pepper strips if desired. Makes three and one-half quarts or eight entree salads.

today's woman

"more spice than everything nice"

Woman boosts college sports

TARKIO, Mo. (AP)-Success, it is said, cannot be argued with. And Tarkio College has known an abundance of success since Bonnie Lee Morrow became the school's first female athletic director.

Since February when Miss Morrow took thejob, with virtually no experience in athletic administration, Tarkio has brought home four athletic championships.

The womens basketball team captured the Heart of America Conference tournament championship and the Missouri Association of Intercollegiate Athletics title.

The mens indoor track team took the District 16 title as well as the Heart of America crown.

Miss Morrow was given the job when Larry Patee was moved up from the athletic directorship to the presidency of the northwest Missouri school, which has a Presbyterian origin, an enrollment of 650, and an all-male coaching staff.

"Here at Tarkio," Patee says, "our athletic directorship is a coordinating responsibiity. No one person directs the total program, and everybody teaches and coaches. Those things have to mesh.

And although Patee says the athletic director "isn't going to hire or fire coaches," Miss Morrow says she is definitely not a rubber stamp for anyone behind the scenes.

"What I want to do is sit down with each coach and establish what goals he is expected to set," she says.

Soon after taking the job Miss Morrow was asked by a coach if she would crackdown if he stepped out of line.

She answered, "As long as we both understand what is expected, there won't be any problem."

Miss Morrow was virtually inexperienced in athletic administration when she came to the Tarkio faculty last fall. When the athletic directorship became vacant, Patee says, "We went to the physical education staff, to the president, and to the division chairman. We agreed that Bonnie would be the best choice."

One of Miss Morrow's guiding philosophies in her new job is a belief that athletics must be balanced with other pursuits. One of her official acts was to circulate a memo stressing the importance of coordinating athletic schedules with cultural events, such as concerts and school plays.

At the present, she feels Tarkio's mens basketball team is the school's strongest program.

"But track and cross-country have been strong. I don't know if the football program would be considered weak.

Ann Landers

Elderly woman gets rip-off

Dear Ann Landers: My aunt who is 86 years old and lives in a nursing home was robbed last week. The lovely robe she received for Christmas, two bottles of cologne, her new nighties, an old wristwatch and a plain gold wedding band were stolen when she had to spend a couple days in the infirmary.

How low can a person get? What is this world coming to when someone would steal from an old lady who has so little? Please print my letter and tell me what you think about this.--Plain Disgusted

Dear P.D.: It's sickening. But every day thousands of people are ripped off by unconscionable, sub-human, crazy loons who prey on the helpless. Recently I read that a 27-year-old cerebral palsy victim had his wheelchair stolen.

Your aunt, and others who live in institutions, should have one drawer with a lock on it. This might help reduce the stealing, but the BIG question is--what can we do about our sick society?

Dear Ann Landers: I'm a 18, a senior in high school, and am considered a fairly intelligent, well-balanced girl. I've always thought of myself as mature and able to make good decisions. I am now faced with a problem that is testing these qualities.

I should be floating on Cloud Nine. I'm in love with a great guy. Doug has dated loads of girls but last week he told me he's mine--all mine! The problem: He is my first cousin.

How do I explain this to my family? If Doug and I should decide to marry in a few years, could we have normal children? Please tell me, Ann. I'm --On Needles and Pins

Dear Needles: If both you and Doug are healthy and there are no illnesses, such as epilepsy, diabetes or blood problems in either your family or his, the chances for having normal children are good.

Some states will not permit first cousins to marry, however. Check with a lawyer and find out about yours.

As for your parents, they will probably be pleased if Doug is all you say he is. Moreover, chances for in-law trouble should be vastly reduced since both sets will be an aunt and an uncle!

Dear Ann Landers: Here's one you've never had before. My husband and I were married 25 years. Harvey moved out several months ago and we will be divorced eventually, but because of financial problems it won't be for a while yet.

Harvey fancies himself quite a swinger and wants a vasectomy. (When we were married, the old-fashioned methods were good enough.) Here's the rub. The surgeon won't perform the operation without my signature. Part of me says Harvey is the one with the problem and I shouldn't be sanctioning his new lifestyle by making things easier for him. Another part of me says the the world will not be any better off if Harvey has more children. Also, fatherhood could create additional money problems which we don't need.

Ann, you're so good at cutting through to the heart of the problem. Please help me decide. I want to be fair. --Undecided in Detroit

Dear Dee: This is Harvey's problem. Don't allow him to make it yours. Tell the swinger that not all doctors insist on the wife's signature before they will do a vasectomy and that he should scout around and find one who doesn't.

Is alcoholism ruining your life? Know the danger signals and wht to do. Read the booklet, "Alcoholism--Hope and Help," by Ann Landers. Enclose 50 cents in coin with your request and a long-stamped, self-addressed envelope to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

Weddings to come

Scherer-Lape

A June 14 wedding at the St. Francis Xavier Catholic Church is planned.

Foster-Protz

Melinda Foster

POCOHONTAS, Ark.--Mr. and Mrs. Jacob W. Foster announced the engagement of their daughter, Melinda Sue to Steven Paul Protz, son of Mr. and Mrs. Robert H. Protz of GardenCity, N.Y.

Miss Foster granddaughter of Mr. and Mrs. C.R. Foster, Route One, Sikeston, Mo.

She is a graduate of Central High School at Cape Girardeau and attended the University of Missouri at Columbia for two years. She received a bachelor of arts degree in history from Southern Methodist University at Dallas, Tex., where she was a member of Kappa Kappa Gamma social fraternity.

Protz graduated from Garden City High School and attended the University of Denver at Denver, Colo., for one year. He received a bachelor of science degree in psychology from Southern Methodist University.

An August 23 wedding is planned.

Club elects new officers

Woman's Civic Club officers elected a new slate of officers recently at meeting in the First United Methodist Church.

Those are: Mrs. Robert Hope, president; Mrs. Gene Potashnick, vice president; Mrs. Hugh Stewart, secretary; and Mrs. Joe Munger, treasurer.

Club members raised their sponsorship fee of Girl's State candidate from $50 to $55. There is still room available for the April 10th bus trip to Memphis, Tenn.

Members plan to save lace scraps, nylon hose and paper bags for use in the Ester Seal Home Crafts Program for handicapped persons.

It was on April 7, 1966, that a lost U.S. hydrogen bomb was recovered from Mediterranean waters off the Spanish coast.

Molasses and syrup will pour completely out of a cup or any container if you will first grease it with butter or cooking oil.

Fire damages Kennet firms

KENNETT, Mo. (AP) — A major fire caused extensive damage to three downtown businesses in adjoining buildings late Monday night in this southeast Missouri community, police said.

Flames erupted about 9:30 p.m. in Hamara's Clothing Store, gutting the building and damaging two adjoining structures.

Firemen from Hayti, Kennett and Caruthersville answered the fire alarm and one firefighter suffered minor facial burns.

Officials said the cause and estimated damage of the fire have not been determined.

The first car of piling to be dipped and prepared as telegraph poles in the new creosote dipping plant on the Missouri Pacific ground, arrived here Wednesday. The vats for the process have not been installed yet.

New Madrid--Miss Isabell Brown, graduate nurse, is attending Mrs. Fred Harper at Lilbourn this week, who is very low with pneumonia.

Mrs. Mary J. Dazey, who made her home with her daughter, Mrs. L.E. Boardman, died Sunday, following a second paralytic stroke last Friday. Mrs. Dazey had been ill with Bright's disease for several years but suffered a slight paralytic stroke nine weeks ago since then she has been in a helpless condition.

Henry T. Kirby, well known citizen of Bloomfield, who has been engaged in asssisting Henry McNew feed hogs on Hog Island in the Mississippi River, opposite Brickeys, in Jefferson County, was drowned Sunday night when an automobile in which he was riding overturned, landing in six feet of water in the Mississippi River.

News was received here yesterday of the birth of a daughter to Mr. and Mrs. Elbert Golightly at Los Angeles Calif. She is the second child and has beennamed Andree Yvonne. Mr. Golightly is a former resident of Sikeston.

Lee Bowman was elected president of the school board at a meeting Thursday in R. E. Bailey's office. Harry E. Dudley was elected first vice president; and C.D. Matthews, III, second vice-president; R. E. Bailey was re-elected secretary. Oher members are J. W. Baker, jr., W.H. Sikes, and R. A. McCord.

Carl Cokenour, formerly a star athlete at the New Madrid High School, will report at Springfield this week to try out for a place on one of the St. Louis Cardinal farm teams. During the last two seasons, Cokenour, a shortstop, starred on the Charleston Cardinal nine.

Jack Staulcup and his orchestra, a group well-like in Southeast Missouri, will play here at an Easter dance, which will be held in the Armory on April 22.

Poplar Bluff--A large wholesale grocery company building and its huge store of merchandise was destroyed last night in a fire visible 10 miles away. Three walls and the roof of the three-story brick building of the Southeast Missouri Grocery Co., collapsed and almost none of the merchandise was salvaged. The loss was unofficially estimated at $250,000.

Mrs. Hazel Marie Miller, 33, of Sikeston, died in the Delta Community Hospital Friday.

Mr. and Mrs. Arnold Bowen of Lilbourn are parents of a baby girl born Friday at the Delta Community Hospital.

Included on the Dean's Scholarship list for outstanding work during the third quarter at Central College, Fayette, were the names of Lawrence Jacob Jenkins, 818 Agnes; Marilyn Joyce Eaker, 523 Kathleen; Louise Elizabeth Joyce, 114 West North; Maurice Leon McGill, all of Sikeston; and Jane Ellen Byrd of Matthews.

The Prayer

"O Lord, our Lord, how excellent is thy name in all the earth!" (Psalm 8:1)

PRAYER: O God, open Thou our eyes that we may behold wondrous things out of Thy law. Open our minds to apprehend Thy mighty acts. Open our hearts to receive Thy blessed Son with wonder, love, and praise. Amen.

POLICE CALLED FOR HELP

SYDNEY (AP) — Millions of flying white ants attacked the Darlinghurst police station in Sydney, climbing into switchboard holes and devouring paper on police teletype machines. Parts of the building had to be evacuated briefly and officers called in insecticide sprayers from the Public Works Department.

WATER

The World's supply is limited! Pollution threatens this precious supply. Billions of dollars are being spent to clean it up. New laws make it mandatory to do so. But it also requires manpower, and a shortage exists for skilled personnel. If you are interested in a career with real security, let us tell you how our training can qualify you as a technician in this exciting ecology field. Charleston council elects mayor

CHARLESTON--William Knight was elected maor for a one-year period Tuesday night by the City Council. Wyman Beasley was named mayor pro tem and will serve in that position for one year.

The oath of office was administered by Mrs. Velma Brown, city clerk, to Terry Rowe, who was elected to a three-year term on the council in tethe April 1 election.

An amended ordinance entering the city into a contract with Se-Mor Cable TV was adopted. Under the new agreement, the monthly rate for users will be $6 and will increased to $7.50 with the addition of a microwave system which will bring in three St. Louis stations. Initial cost for hookups in homes is $10.

Construction on the system is to begin within 120 days or the company will forfeit $5,000. The service should be completed ain about four months, according to Tom Gleason, manager of the company.

Charles Rorex, superintendent of the R-1 School District, encouraged the council to accept the service which will also provide hookups to schools at no additional cost.

At a public hearing, held in conjunction with the council meeting, no objections were voiced to the proposed rezoning of block nine and six lots in block 10 on South Main Street.

begin this summer on new sidewalks and a brick and imitation shake shingle canopy from North Cypress Street to Court Street as a part of the the downtown urban renewal project.

Action on the ordinance was tabled until a model sign can be prepared. Tentative approval was given to limiting the size to one foot by five feet signs to hang beneath the canopy with uniform lettering and color.

James McDaniel attended the meeting to voice a complaint against a city police officer, who according to McDaniel, arrested him and placed him in handcuffs without reading him his rights or telling him why he was being arrested.

An investigation of the matter will be made by Police Chief Ritchey, who will report to the cuncil.

Mayor Knight appointed councilmen P.J. Ponder, Terry Rowe and himself, to the liquor committee, and Ponder, Rowe and Dr. Lowell Nicholas were appointed to the finance committee.

Ponder, Rowe and Nicholas were also appointed as a committee to work with the Chamber of Commerce committee on the feasibility of hiring R.S. Henderson & Associates of Carbondale, Ill, as an industrial consultant in an effort to attract new industry to the city.

The property was rezoned from general business to central business with the stipulation that buildings constructed on the site would be set back 30 feet on the east side right-of-way along South Main.

Dr. Robert Robbins has announced plans to construct a medical complex on the property.

Ray Egner of Cape Girardeau, enrollment representative of Blue Cross & Blue Shield, explained his company's health care program for city employes, sponsored by the Missouri Municipal Leaague.

The council tabled action until the plan can be discussed with city employes. and the Metropolitan Insurance agent, the city's present insurance carrier.

A request from City Manager Willis Downs to seal the tennis courts in the Rolwing Park was approved. The project will cost approximately $978.

Downs presented the council a list showing portions of 13 streets which are unpaved. The council tabled street paving until requsts for paving was made by residents aong the streets.

A proposed ordinance regulating the type, size and location of business signs along three blocks of Main Street was discussed.

Construction is scheduled to

President selected; director sworn in

HOWARDVILLE--T.L. Maschmeyer of Lilbourn, was renamed president of the New Madrid County R-1 Enlarged School board of education Monday night and Hoyte Butler of Parma, one of two newly elected directors, was sworn in for a three-year term on the board.

Mrs. Opal Bondurant of Catron, who was elected April 1 to a three-year term, did not take office Monday because the necessary report forms required under the state campaign and disclosure act were not completed.

The forms must be filed with the secretary of the school board before a newly elected director may take the oath of office or a candidate has 30 days following the election in which to file the reports.

Mrs. Bondurant is expected to file the reports within the next week and will then be administered the oath of office.

Other officers renamed by the board include Butler, vice president; Markus Koch of Sikeston Route Three, secretary; and Mrs. Estelle Steward of Lilbourn, treasurer. Mrs. Betty Palmer of New Madrid was named assistant treasurer and Hal E. Hunter Jr. of New Madrid will continue as attorney for the district.

Other board members are A.C. Riley of New Madrid and Eugene Cross of Portageville Route Three.

In other action the board set $8,250 as the base salary for teachers. The new base salary, an increase of $650 over last year's, is one of the highest in Southeast Missouri.

The board agreed to continue the present teacher insurance and medical program. Recommendatiions concerning supplements for girl's athletic coaches to eduate their salaries with coaches in other athletic programs were adopted.

The 1975-76 school calendar sets the first day of student attendance on Aug.25 and provides a minimum of 185 days for teachers. A meeting will be held with teachers' representatives and others to set the holiday vacation and teacher's meetings schedules.

All principals were re-employed for the coming year. Non tenure teachers were employed and contracts will be issued in a few days.

Resignations accepted by the board include Mary Jane Roberts, second grade, Lilbourn Elementary School; Sharon Moran, Second grade, Matthews, Elementary School; Karen Kramer, First grade Matthews Elememtary School; Sarah Lee Lee Hunter, third grade, New Madrid-Scott Street Elementary School; Mamie Flowers, special education, New Madrid Main Street Elementary School; Joan Bowers, art, Kindergarten through 12th grade, Parma unit; Clara E. Myracle, Follow Through supervisor, Portageville Central Elementary School; and Grover Cowan, air conditioning and refrigeration instructor, vocational-tech skills center.

Teachers retiring include Juanita Byrd, fourth grade, New Madrid Scott Street Elementary School; Vesta Barkovitz, elementary muic, Portageville unit; and Earlene Moore, sixth grade, Conran Elementary School.

stationed in one of the two cities, has agreed to work for an ambulance district.

Hirschowitz has declared that an ambulance district for the whole county is the best way to finance ambulance service and get it to the people.

Discussion at Tuesday night's meeting touched upon a number of other subjects, including the possibility of dog control on a countywide basis.

L. F. Wheeler, mayor of Miner, said he has talked with Ron Yersak, planning director of the Bootheel Regional Planning Commission at Malden, about the possibility of getting a grant to finance such a project.

Wheeler told the mayors that nothing definite has been decided, but it looks as if the County Court will have to make application for funds and that any grant will not pay for 100 per cent of the cost.

Wheeler is chairman of a mayors committee looking into the problem. Other members of the committee included former Sikeston mayor Frank Ferrell and former Chaffee mayor Mrs. Sally Wehmeyer, who did not run for re-election.

Appointed in their places on the committee were newly elected mayors Don Fulton of Sikeston and Les Lankford of Chaffee.

At Tuesday night's meeting, Mayor Kenneth Ransdell of Oran was chosen chairman, Fullton was chosen vice chairman and Mayor Monroe Bollinger of Benton was chosen to serve another term as secretary-treasurer.

The positions had been filled respectively by former Scott City mayor Clifford Campbell, who was defeated in his bid for re-election, Ferrell and Bollinger.

5 seek trustee positions

LAMBERT -- Five persons have filed for the five village trustee positions to be voted on Mrs. Brenda Schiwitz, acting village clerk, said Monday. Filing deadline was Friday.

Running unopposed for one-year terms are Miss Rosalie Bollinger and Noble Milam and running unopposed for two-year terms are Arthur Schiwitz III, Mrs. Robert Carraker and Owen Wells Jr.

Mrs. Schiwitz said there are about 20 potential voters in the village and that 17 of them are registered. Total population is persons.

Definite plans for the village will have to wait until the trustees take office, Mrs. Schiwitz said, but the citizens plan to get signs put up "to let people know where they're driving through."

The election date was set by Magistrate Judge Lloyd Briggs after being petitioned by village citizens who have been working on reactivating the town, which has remained dormant for an indefinite period of time.

Oil stolen

BELL CITY--The Stoddard County Sheriff's Department is investigating a break-in which occurred sometime Tuesday night at the John Ingram farm, located southeast of here.

Thieves reportedly entered a barn and took an undetermine amount of oil.

Dexter firm submits low building bid

DEXTER--Brown Construction Co. of Dexter submitted a low bid of $1,398,800 for construction of the new junior high school and a four-room addition to the senior high school, according to Supt. Thurston Hill.

Other bidders were: Bien Construction Co. of Dexter $1,465,000; Penzil Construction Co. of Jackson, $1,485,197; Ryan Construction Co. of Sikeston, $1,420,226; Sides Construction Co. of Cap Girardeau, $1,492,425; and Smith & Livingston Construction Co. of Poplar Bluff, $1,522,600.

Construction of the new building is scheduled to begin immediately.

In other board action at the Tuesday afternoon meeting, teachers were re-employed, the 1975-76 school calendar was adopted, a new budget was approved, and bills were approved for payment.

Charleston council elects mayor

CHARLESTON--William Knight was elected maor for a one-year period Tuesday night by the City Council. Wyman Beasley was named mayor pro tem and will serve in that position for one year.

The oath of office was administered by Mrs. Velma Brown, city clerk, to Terry Rowe, who was elected to a three-year term on the council in tethe April 1 election.

An amended ordinance entering the city into a contract with Se-Mor Cable TV was adopted. Under the new agreement, the monthly rate for users will be $6 and will increased to $7.50 with the addition of a microwave system which will bring in three St. Louis stations. Initial cost for hookups in homes is $10.

Construction on the system is to begin within 120 days or the company will forfeit $5,000. The service should be completed ain about four months, according to Tom Gleason, manager of the company.

Charles Rorex, superintendent of the R-1 School District, encouraged the council to accept the service which will also provide hookups to schools at no additional cost.

At a public hearing, held in conjunction with the council meeting, no objections were voiced to the proposed rezoning of block nine and six lots in block 10 on South Main Street.

begin this summer on new sidewalks and a brick and imitation shake shingle canopy from North Cypress Street to Court Street as a part of the the downtown urban renewal project.

Action on the ordinance was tabled until a model sign can be prepared. Tentative approval was given to limiting the size to one foot by five feet signs to hang beneath the canopy with uniform lettering and color.

James McDaniel attended the meeting to voice a complaint against a city police officer, who according to McDaniel, arrested him and placed him in handcuffs without reading him his rights or telling him why he was being arrested.

An investigation of the matter will be made by Police Chief Ritchey, who will report to the cuncil.

Mayor Knight appointed councilmen P.J. Ponder, Terry Rowe and himself, to the liquor committee, and Ponder, Rowe and Dr. Lowell Nicholas were appointed to the finance committee.

Ponder, Rowe and Nicholas were also appointed as a committee to work with the Chamber of Commerce committee on the feasibility of hiring R.S. Henderson & Associates of Carbondale, Ill, as an industrial consultant in an effort to attract new industry to the city.

The property was rezoned from general business to central business with the stipulation that buildings constructed on the site would be set back 30 feet on the east side right-of-way along South Main.

Dr. Robert Robbins has announced plans to construct a medical complex on the property.

Ray Egner of Cape Girardeau, enrollment representative of Blue Cross & Blue Shield, explained his company's health care program for city employes, sponsored by the Missouri Municipal Leaague.

The council tabled action until the plan can be discussed with city employes. and the Metropolitan Insurance agent, the city's present insurance carrier.

A request from City Manager Willis Downs to seal the tennis courts in the Rolwing Park was approved. The project will cost approximately $978.

Downs presented the council a list showing portions of 13 streets which are unpaved. The council tabled street paving until requsts for paving was made by residents aong the streets.

A proposed ordinance regulating the type, size and location of business signs along three blocks of Main Street was discussed.

Construction is scheduled to

Dexter firm submits low building bid

DEXTER--Brown Construction Co. of Dexter submitted a low bid of $1,398,800 for construction of the new junior high school and a four-room addition to the senior high school, according to Supt. Thurston Hill.

Other bidders were: Bien Construction Co. of Dexter $1,465,000; Penzil Construction Co. of Jackson, $1,485,197; Ryan Construction Co. of Sikeston, $1,420,226; Sides Construction Co. of Cap Girardeau, $1,492,425; and Smith & Livingston Construction Co. of Poplar Bluff, $1,522,600.

Construction of the new building is scheduled to begin immediately.

In other board action at the Tuesday afternoon meeting, teachers were re-employed, the 1975-76 school calendar was adopted, a new budget was approved, and bills were approved for payment.

President selected; director sworn in

HOWARDVILLE--T.L. Maschmeyer of Lilbourn, was renamed president of the New Madrid County R-1 Enlarged School board of education Monday night and Hoyte Butler of Parma, one of two newly elected directors, was sworn in for a three-year term on the board.

Mrs. Opal Bondurant of Catron, who was elected April 1 to a three-year term, did not take office Monday because the necessary report forms required under the state campaign and disclosure act were not completed.

The forms must be filed with the secretary of the school board before a newly elected director may take the oath of office or a candidate has 30 days following the election in which to file the reports.

Mrs. Bondurant is expected to file the reports within the next week and will then be administered the oath of office.

Other officers renamed by the board include Butler, vice president; Markus Koch of Sikeston Route Three, secretary; and Mrs. Estelle Steward of Lilbourn, treasurer. Mrs. Betty Palmer of New Madrid was named assistant treasurer and Hal E. Hunter Jr. of New Madrid will continue as attorney for the district.

Other board members are A.C. Riley of New Madrid and Eugene Cross of Portageville Route Three.

In other action the board set $8,250 as the base salary for teachers. The new base salary, an increase of $650 over last year's, is one of the highest in Southeast Missouri.

The board agreed to continue the present teacher insurance and medical program. Recommendatiions concerning supplements for girl's athletic coaches to eduate their salaries with coaches in other athletic programs were adopted.

The 1975-76 school calendar sets the first day of student attendance on Aug.25 and provides a minimum of 185 days for teachers. A meeting will be held with teachers' representatives and others to set the holiday vacation and teacher's meetings schedules.

All principals were re-employed for the coming year. Non tenure teachers were employed and contracts will be issued in a few days.

Resignations accepted by the board include Mary Jane Roberts, second grade, Lilbourn Elementary School; Sharon Moran, Second grade, Matthews, Elementary School; Karen Kramer, First grade Matthews Elememtary School; Sarah Lee Lee Hunter, third grade, New Madrid-Scott Street Elementary School; Mamie Flowers, special education, New Madrid Main Street Elementary School; Joan Bowers, art, Kindergarten through 12th grade, Parma unit; Clara E. Myracle, Follow Through supervisor, Portageville Central Elementary School; and Grover Cowan, air conditioning and refrigeration instructor, vocational-tech skills center.

Teachers retiring include Juanita Byrd, fourth grade, New Madrid Scott Street Elementary School; Vesta Barkovitz, elementary muic, Portageville unit; and Earlene Moore, sixth grade, Conran Elementary School.

stationed in one of the two cities, has agreed to work for an ambulance district.

Hirschowitz has declared that an ambulance district for the whole county is the best way to finance ambulance service and get it to the people.

Discussion at Tuesday night's meeting touched upon a number of other subjects, including the possibility of dog control on a countywide basis.

L. F. Wheeler, mayor of Miner, said he has talked with Ron Yersak, planning director of the Bootheel Regional Planning Commission at Malden, about the possibility of getting a grant to finance such a project.

Wheeler told the mayors that nothing definite has been decided, but it looks as if the County Court will have to make application for funds and that any grant will not pay for 100 per cent of the cost.

Wheeler is chairman of a mayors committee looking into the problem. Other members of the committee included former Sikeston mayor Frank Ferrell and former Chaffee mayor Mrs. Sally Wehmeyer, who did not run for re-election.

Appointed in their places on the committee were newly elected mayors Don Fulton of Sikeston and Les Lankford of Chaffee.

At Tuesday night's meeting, Mayor Kenneth Ransdell of Oran was chosen chairman, Fullton was chosen vice chairman and Mayor Monroe Bollinger of Benton was chosen to serve another term as secretary-treasurer.

The positions had been filled respectively by former Scott City mayor Clifford Campbell, who was defeated in his bid for re-election, Ferrell and Bollinger.

5 seek trustee positions

LAMBERT -- Five persons have filed for the five village trustee positions to be voted on Mrs. Brenda Schiwitz, acting village clerk, said Monday. Filing deadline was Friday.

Running unopposed for one-year terms are Miss Rosalie Bollinger and Noble Milam and running unopposed for two-year terms are Arthur Schiwitz III, Mrs. Robert Carraker and Owen Wells Jr.

Mrs. Schiwitz said there are about 20 potential voters in the village and that 17 of them are registered. Total population is persons.

Definite plans for the village will have to wait until the trustees take office, Mrs. Schiwitz said, but the citizens plan to get signs put up "to let people know where they're driving through."

The election date was set by Magistrate Judge Lloyd Briggs after being petitioned by village citizens who have been working on reactivating the town, which has remained dormant for an indefinite period of time.

Oil stolen

BELL CITY--The Stoddard County Sheriff's Department is investigating a break-in which occurred sometime Tuesday night at the John Ingram farm, located southeast of here.

Thieves reportedly entered a barn and took an undetermine amount of oil.

Bulldogs make Central No. 4

By DALE FORBIS

"We don't wanna hear about last year" Sophomores in high school and already they were writing my story for me. However, it was a senior making the bid for credit that is due this year's team, which, after four straight wins, is trying very hard to prove that this year isn't going to be a rebuilding yea at Sikeston ... that this year is going to be a very good year.

"In Tuesday's outing at Cape Girardeau, the powerful bats of sophomore Jeff Limbaugh and veteran Bruce Lawrence and clutch hitting all up and down the lineup enabled the scrappy Bulldogs to keep coming from behind after blowing an early lead and finally nail down a 9-8 win over Cape Central in eight innings.

Limbaugh ripped three hits, including a long triple in the first inning, an even longer home run in the third and then, his biggest hit — a two-out, game-tying single in the seventh. Lawrence hit his second home run of the season n the third and a grounder in the seventh that scored one run and placed the catchup run just 90 feet away at third with Limbaugh coming up.

Despite all the hits — 24 in all, including 10 for extra bases —, it was a fielding error by the Central shortstop that spelled victory for Sikeston in the first extra inning game of the year.

The Sikeston record, now 4-0, will change this afternoon -- either for the better or worse -- when the Bulldogs travel to Benton to face the always tough Kelly Hawks.

The SHS team wants to be good this year. With six underclassmen in the starting lineup and only three seniors on the entire roster, experience is thin and it will be a tough job. But, if they don't cut it in baseball -- they can always take up sports writing.

Bluejays smother Eagles

CHARLESTON--The Charleston Bluejays handed the visiting Oran Eagles a 14-4 defeat in Tuesday afternoon baseball action.

Daniel Bailey, the winning pitcher, gave up five hits and struck out seven batters. Bill Scenciboy was the losing pitcher for the Eagles.

The Bluejays packed their heaviest punch in the second and sixth innings-scoring four runs in each and added one run in the first, two in the third, one in the fourth and two in the fifth.

Charleston collected its 14 runs with only 10 hits and wrapped up the win in six innings under the 10-run led rule.

Oran broke the scoring ice with one run in the third and ended with three in the fifth. The Eagles, who collected six hits, aided the Jays by committing four errors, while the hosts made only two miscues.

For Charleston, McMikle slammed three hits, Hatchell and McMurray added two each and Smoot scored five runs. Johnson and Hatchell had a home run in the third. For Oran, Burlison socked a homer and had two hits, as did Seyer and Williams.

The girls of summer

The days when sports were considered "unwomanly" are gone forever. One sport enjoying a nationwide revival is field hockey. A recent game sponsored by the New York Field Hockey Association (top photo) pitted Rutgers University against Queens College. One of the few women's polo teams (center) plays out of West Hill Stables in Huntington, Long Island. Here the team practices for a game against their male counterparts. One popular yearly event (bottom photo) is the six-mile marathon run around New York's Central Park. Last year's marathon was won by Doreen Ennis of Nutley, N.J., (wearing the Nutley tee-shirt) in the middle of the pack.

Torre raps winning hit

"I'm ecstatic!"

With those two words, Tom Seaver described his feelings after outlasting Steve Carlton as the New York Mets shaded Philadelphia 2-1 Tuesday in an opening-day clash of two of the National League's premier pitchers.

In the only other NL game, Atlanta blanked Houston 2-0. San Francisco at San Diego was rained out.

Seaver surrendered six hits, struck out nine batters and came up a winner because of two Met newcomers — Dave Kingman and Joe Torre. Kingman slugged a huge home run in the fourth inning and Torre drilled the game-winning single in the bottom of the ninth.

But the main man on this blustery opening day was Seaver, who struggled to a sorry 11-11 season last year and is the pitcher on whom so much of Mets' hopes rest for 1975.

The Phillies nicked him for a third-inning run on Dave Cash's double. But Kingman retrieved that run in the fourth, golfing a two-out, two-strike pitch far beyond the left field wall.

Felix Millan opened the Mets' ninth with a single — only New York's third hit and first since Kingman's king-sized homer. Then Carlton walked John Milner on four pitches and missed with his first two to Torre.

On the next pitch, Torre was swinging.

"I just wanted to hit the ball hard," he said. He did, lining it to left and sending Millan racing home with the winning run.

"It was exciting," said Torre. "Opening day always is. When it stops being exciting, I'll quit."

Braves 2, Astros 0

Carl Morton's five-hitter and Darrell Evans' RBI single in a two-run fifth inning carried the Braves past Houston. Morton retired 16 straight batters after a pair of first-inning singles before shortstop Larvell Blanks' throwing error ended the string in the seventh.

Ralph Garr singled to start the fifth against Astros' rookie Doug Konieczny. Garr moved to third when Marty Perez was safe on shortstop Roger Metzger's error, Evans singled for one run and Perez scored on Mike Lum's grounder.

Robinson debut as pilot memorable

By HERSCHEL NISSENSON
AP Sports Writer

Frank Robinson has something no other manager, black or white, has ... player Frank Robinson. And that's why Frank Robinson is the only manager in baseball, black or white, who has hit a home run this season.

"It was a great moment, but you had to wait till the end, till the game was over," Robinson said. "Now it's even more gratifying."

Robinson had several great moments Tuesday. The first came when Rachel Robinson, widow of the first black man to play in the major leagues, threw out the first ball and said she was "proud, proud, proud to be here." Then came career home run No. 575 in his first time at bat as a big league manager.

That started the Cleveland Indians to a 5-3 victory over the New York Yankees, which was great moment No. 3, especially since it was viewed by an excited home town crowd of 56,204.

Elsewhere in the American League, the world champion Oakland A's nipped the Chicago White Sox 3-2, the Minnesota Twins crushed the Texas Rangers 11-4 and the Boston Red Sox downed the Milwaukee Brewers 5-2. The Kansas City-California game was rained out while the Baltimore-Detroit opener was postponed earlier by a snowstorm.

Robinson brought the large Cleveland crowd to its feet with his first-inning home run off New York's Doc Medich.

Despite Robinson's dramatic homer, the Indians fell behind 3-1 in the second inning. But Boog Powell, Robinson's old Baltimore teammate, drove in two runs with a homer and double and Jack Brohamer drove in the other two with a sacrifice fly and a single. The sacrifice fly scored Powell, who opened the bottom of the second with a single.

Now Robinson can concentrate on being a manager rather than baseball's first black manager.

Bulldog golfers top Poplar Bluff

Sikeston High School golfers captured a three-stroke victory -- 148-151 -- in a sizzling nine-hole battle with the Poplar Bluff Mules Tuesday on the Sikeston Country Club course.

All scorers on both teams -- four per team -- broke 40 for the nine-hole round, and none of 12 competing players shot over 40 in the well-played match.

Chris Alberts of Sikeston was the medalist with a finely tuned 36. Two Bulldog teammates, Mike Strinich and Gaither Daughterty, and two Poplar Bluff contenders, Dennis Duncan and John Pennington, all finished with identical totals of 37 to press Alberts for top individual honors.

Galen Kruger, Greg Jarrell and Ron Priday were only a stroke behind as none of six Bulldog contestants totaled more than 38 strokes. Pete Godwin of Poplar Bluff also finished with a 38, John Cope checked in at 39 and Blake Locke and John Alcorn each shot 40 for the Mules.

The Bulldogs are scheduled to return to action this afternoon against Caruthersville on the Sikeston Country Club links.

Sports in Brief

TENNIS

ST. LOUIS — Australia's Rod Laver beat South Africa's Ray Moore 6-2, 7-6 in a first-round Blue Group match to run his World Championship Tennis victory string to a record 21 matches.

Ex-SHS ace's shot mark falls

The world shot put record held by George Woods, the former Sikeston High School and Southern Illinois University track and field star, was broken last weekend by Brian Oldfield in an International Track Association indoor meet at San Francisco.

The new record put Friday night by Oldfield, a professional, was 72 feet 6½ inches and was the longest in track and field history. The old world mark of 72-2¾ was set indoors last year by Woods , an amateur. The mark by Woods still stands for amateurs.

While attending Sikeston High School in the early 1960s, Woods established numerous shot put records in competition throughout Southeast Missouri -- some of which still stand. He then went on to star at SIU in Carbondale, Ill., and later won silver medals as the runner-up in the 1968 and 1972 Olympic Games.

Bulldogs make Central No. 4

By DALE FORBIS

"We don't wanna hear about last year" Sophomores in high school and already they were writing my story for me. However, it was a senior making the bid for credit that is due this year's team, which, after four straight wins, is trying very hard to prove that this year isn't going to be a rebuilding yea at Sikeston ... that this year is going to be a very good year.

"In Tuesday's outing at Cape Girardeau, the powerful bats of sophomore Jeff Limbaugh and veteran Bruce Lawrence and clutch hitting all up and down the lineup enabled the scrappy Bulldogs to keep coming from behind after blowing an early lead and finally nail down a 9-8 win over Cape Central in eight innings.

Limbaugh ripped three hits, including a long triple in the first inning, an even longer home run in the third and then, his biggest hit — a two-out, game-tying single in the seventh. Lawrence hit his second home run of the season n the third and a grounder in the seventh that scored one run and placed the catchup run just 90 feet away at third with Limbaugh coming up.

Despite all the hits — 24 in all, including 10 for extra bases —, it was a fielding error by the Central shortstop that spelled victory for Sikeston in the first extra inning game of the year.

The Sikeston record, now 4-0, will change this afternoon -- either for the better or worse -- when the Bulldogs travel to Benton to face the always tough Kelly Hawks.

The SHS team wants to be good this year. With six underclassmen in the starting lineup and only three seniors on the entire roster, experience is thin and it will be a tough job. But, if they don't cut it in baseball -- they can always take up sports writing.

Bluejays smother Eagles

CHARLESTON--The Charleston Bluejays handed the visiting Oran Eagles a 14-4 defeat in Tuesday afternoon baseball action.

Daniel Bailey, the winning pitcher, gave up five hits and struck out seven batters. Bill Scenciboy was the losing pitcher for the Eagles.

The Bluejays packed their heaviest punch in the second and sixth innings-scoring four runs in each and added one run in the first, two in the third, one in the fourth and two in the fifth.

Charleston collected its 14 runs with only 10 hits and wrapped up the win in six innings under the 10-run led rule.

Oran broke the scoring ice with one run in the third and ended with three in the fifth. The Eagles, who collected six hits, aided the Jays by committing four errors, while the hosts made only two miscues.

For Charleston, McMikle slammed three hits, Hatchell and McMurray added two each and Smoot scored five runs. Johnson and Hatchell had a home run in the third. For Oran, Burlison socked a homer and had two hits, as did Seyer and Williams.

Little League trials set

Little League baseball tryouts will be held at 1 p.m. Sunday at the Sikeston High School fieldhouse. All boys between the ages of 9 and 12 must be 9 before Aug. 1 and not reach 13 th birthday before Aug. 1-are eligible and will need to bring proof of age.

The purpose of the tryouts to make selection of players equal to all teams and not necessarily to determine abilty. New uniforms will issued to all 24 teams in the league this year.

For more information, call telephone number call 471-6502.

Girls softball sign-up renews

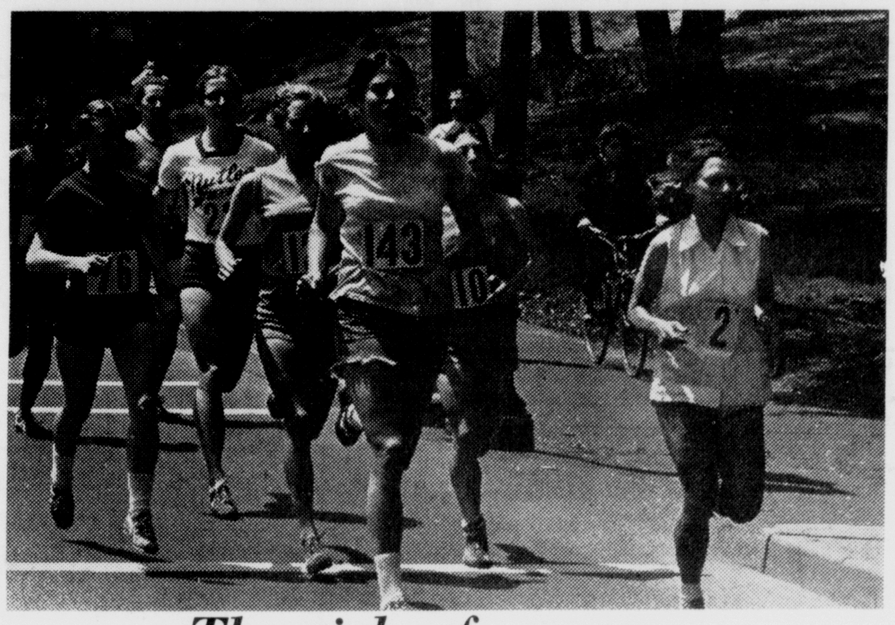
The Sikeston Women's Softball Association will hold a second sign-up session from 10 a.m. to noon Saturday at the high school field fhouse. Any girl, from fourth grade through adult age, who wants to play softball this summer and has not signed up, may do so at this time.

Any adult who would like to coach a junior or senor dedivision team may either come to the field house or contact Nora Springs at telephone number 471-3327 or Sandy York at 471-1197.

Sports briefs

COLLEGE FOOTBALL

AUBURN, Ala. — Ralph "Shug" Jordan, the courtly football coach of the Auburn Tigers for the past quarter century, announced his retirement, effective at the end of the 1975 season.



The girls of summer

The days when sports were considered "unwomanly" are gone forever. One sport enjoying a nationwide revival is field hockey. A recent game sponsored by the New York Field Hockey Association (top photo) pitted Rutgers University against Queens College. One of the few women's polo teams (center) plays out of West Hill Stables in Huntington, Long Island. Here the team practices for a game against their male counterparts. One popular yearly event (bottom photo) is the six-mile marathon run around New York's Central Park. Last year's marathon was won by Doreen Ennis of Nutley, N.J., (wearing the Nutley tee-shirt) in the middle of the pack.

Torre raps winning hit

"I'm ecstatic!"

With those two words, Tom Seaver described his feelings after outlasting Steve Carlton as the New York Mets shaded Philadelphia 2-1 Tuesday in an opening-day clash of two of the National League's premier pitchers.

In the only other NL game, Atlanta blanked Houston 2-0. San Francisco at San Diego was rained out.

Seaver surrendered six hits, struck out nine batters and came up a winner because of two Met newcomers — Dave Kingman and Joe Torre. Kingman slugged a huge home run in the fourth inning and Torre drilled the game-winning single in the bottom of the ninth.

But the main man on this blustery opening day was Seaver, who struggled to a sorry 11-11 season last year and is the pitcher on whom so much of Mets' hopes rest for 1975.

The Phillies nicked him for a third-inning run on Dave Cash's double. But Kingman retrieved that run in the fourth, golfing a two-out, two-strike pitch far beyond the left field wall.

Felix Millan opened the Mets' ninth with a single — only New York's third hit and first since Kingman's king-sized homer. Then Carlton walked John Milner on four pitches and missed with his first two to Torre.

On the next pitch, Torre was swinging.

"I just wanted to hit the ball hard," he said. He did, lining it to left and sending Millan racing home with the winning run.

"It was exciting," said Torre. "Opening day always is. When it stops being exciting, I'll quit."

Braves 2, Astros 0

Carl Morton's five-hitter and Darrell Evans' RBI single in a two-run fifth inning carried the Braves past Houston. Morton retired 16 straight batters after a pair of first-inning singles before shortstop Larvell Blanks' throwing error ended the string in the seventh.

Ralph Garr singled to start the fifth against Astros' rookie Doug Konieczny. Garr moved to third when Marty Perez was safe on shortstop Roger Metzger's error, Evans singled for one run and Perez scored on Mike Lum's grounder.

Robinson debut as pilot memorable

By HERSCHEL NISSENSON
AP Sports Writer

Frank Robinson has something no other manager, black or white, has ... player Frank Robinson. And that's why Frank Robinson is the only manager in baseball, black or white, who has hit a home run this season.

"It was a great moment, but you had to wait till the end, till the game was over," Robinson said. "Now it's even more gratifying."

Robinson had several great moments Tuesday. The first came when Rachel Robinson, widow of the first black man to play in the major leagues, threw out the first ball and said she was "proud, proud, proud to be here." Then came career home run No. 575 in his first time at bat as a big league manager.

That started the Cleveland Indians to a 5-3 victory over the New York Yankees, which was great moment No. 3, especially since it was viewed by an excited home town crowd of 56,204.

Elsewhere in the American League, the world champion Oakland A's nipped the Chicago White Sox 3-2, the Minnesota Twins crushed the Texas Rangers 11-4 and the Boston Red Sox downed the Milwaukee Brewers 5-2. The Kansas City-California game was rained out while the Baltimore-Detroit opener was postponed earlier by a snowstorm.

Robinson brought the large Cleveland crowd to its feet with his first-inning home run off New York's Doc Medich.

Despite Robinson's dramatic homer, the Indians fell behind 3-1 in the second inning. But Boog Powell, Robinson's old Baltimore teammate, drove in two runs with a homer and double and Jack Brohamer drove in the other two with a sacrifice fly and a single. The sacrifice fly scored Powell, who opened the bottom of the second with a single.

Now Robinson can concentrate on being a manager rather than baseball's first black manager.

Bulldog golfers top Poplar Bluff

Sikeston High School golfers captured a three-stroke victory -- 148-151 -- in a sizzling nine-hole battle with the Poplar Bluff Mules Tuesday on the Sikeston Country Club course.

All scorers on both teams -- four per team -- broke 40 for the nine-hole round, and none of 12 competing players shot over 40 in the well-played match.

Chris Alberts of Sikeston was the medalist with a finely tuned 36. Two Bulldog teammates, Mike Strinich and Gaither Daughterty, and two Poplar Bluff contenders, Dennis Duncan and John Pennington, all finished with identical totals of 37 to press Alberts for top individual honors.

Galen Kruger, Greg Jarrell and Ron Priday were only a stroke behind as none of six Bulldog contestants totaled more than 38 strokes. Pete Godwin of Poplar Bluff also finished with a 38. John Cope checked in at 39 and Blake Locke and John Alcorn each shot 40 for the Mules.

The Bulldogs are scheduled to return to action this afternoon against Caruthersville on the Sikeston Country Club links.

Sports in Brief

TENNIS

ST. LOUIS — Australia's Rod Laver beat South Africa's Ray Moore 6-2, 7-6 in a first-round Blue Group match to run his World Championship Tennis victory string to a record 21 matches.

Ex-SHS ace's shot mark falls

The world shot put record held by George Woods, the former Sikeston High School and Southern Illinois University track and field star, was broken last weekend by Brian Oldfield in an International Track Association indoor meet at San Francisco.

The new record put Friday night by Oldfield, a professional, was 72 feet 6½ inches and was the longest in track and field history. The old world mark of 72-2¾ was set indoors last year by Woods , an amateur. The mark by Woods still stands for amateurs.

While attending Sikeston High School in the early 1960s, Woods established numerous shot put records in competition throughout Southeast Missouri -- some of which still stand. He then went on to star at SIU in Carbondale, Ill., and later won silver medals as the runner-up in the 1968 and 1972 Olympic Games.

Gang member slain

A rumble and wild chase across ghetto rooftops leads to a gang member's (Alex Colon) death in this scene from "The Cross and the Switchblade". The production was adapted from Rev. David Wilkerson's best-seller of the same title, based on his struggle to help New York ghetto youth. The movie will be shown Friday, Saturday and Sunday at 7 p.m. at First Assembly of God, 306 S. Kingshighway.

Cauble takes oath

SCOTT CITY--Newly elected Mayor James Cauble was sworn in Monday night after the April 1 election returns were certified by the City Council. Cauble was formerly ward four alderman. Sworn in Monday as ward four alderman was John Hockersmith.

Cauble did not appoint a mayor pro tem, even though he did make appointments to various council committees. He told council members they could elect a mayor pro tem from their ranks or could elect one to act temporarily as mayor, if he is absent from a meeting.

The council decided that since two aldermen were not present at Monday's meeting that any action should be postponed until a later date.

Cauble tentatively set the date for the city-owned swimming pool opening for May 30, and asked that the chairmen of the Fianance, Water and Sewer, and Street Committees meet with the Park Board tonight.

City attorney Tom Arnold said a construction inspector would have to be hired to inspect flasher lights to be installed at the Louis, Oak and Daugherty Street crossings.

Joint concert scheduled

EAST PRAIRIE--The senior high band, under the direction of Alan Mickel, and the choir, directed by Mrs. Nancy Bird, will present a joint concert in the East Prairie High School gymnasium at 7:30 p.m. Friday.

The concert will feature "Let Freedom", "This is my Country", and a folk medley entitled, "A Saga of Western America". The saga will be narrated by Earl Lomax. Some of the songs are "Jesse James", "Shenandoah" and "The Colorado-Trail". The saga also features "Square Dance" and a choral reading, "Starving to Death on a Government Claim".

Bids taken under advisement

PORTAGEVILLE--The City Council Monday night took under advisement two bids for the installation of a 10-inch water main to Plastene Supply Co. at First and Meatte St., that was submitted by Earl Walker, mechinical contracor, and Coleman Heating and Air Conditioning, both of Portageville.

The proposed street improvement program was discussed and Don Rone Jr. and Bennie Goodman were named by Mayor Barry Richardson to canvas anv objections by property owners to the resurfacing and improvement of streets.

An estimated cost of $6.46 per linear foot of abutting property is to be shared by property owners and the city.

Deputy City Clerk George J. Vogel said a minor error had been found in city election returns, which were canvased on April 3. According to Vogel, both candidates for mayor, Don Rone Jr. and Bob Carlisle, have received one vote less than the total reported inunofficial returns.

The newly elected officers will take the oath of office and assume duties at the May 5, meeting.

City clerk reappointed

CHAFFEE--Newly elected mayor Les Lankford, sworn in at Monday's City Council meeting along with other newly elected city officials, has reappointed Lois Murphy as city clerk.

Other appointments include Bill Hagan as fire chief, Jim Stacy as street foreman, Charles Moyt as dog Catcher and Tom Arnold as building inspector. The appointments were made at Monday's City Council meeting with the council's approval.

George Allwood was elected mayor pro tem by the council.

Newly elected city attorney, Joe Perry Rice III, was instructed by the council to write an ordinance naming street and water commissioners to be ready for the next meeting, to be held April 21.

Aldermen sworn in Monday included Claude Curtis from ward one, E.E. McConnell, Jr. from ward two, James R. Delezene from ward three and Bill Whistler from ward four. Ronald Moyers was also sworn in as alderman to fill the unexpired term from ward four.

Election returns canvassed

BENTON--The Scott County board of education Monday night canvassed the April 1 election returns and officially declared that Eugene Stubbs of Chaffee was re-elected as a member from the first district and that Boyd Duff of Diehlstadt was re-elected as member from the second district.

Stubbs had a total vote of 2,206 and Duff had a total vote of 1,437. Both were unopposed for the positons.

Elected as officers Monday night were Kenneth Rainey of Scott City as president of the board, J.A. Tyler of Oran as vice president and Howard Reed of Sikeston as secretary of the board. T.E. Stallings of Sikston is the other member of the board.

The main purpose of the board is to aid in the reorganization of school districts.

Also at Monday's meeting, the board approved Reed as a member of the Delta Area Economic Opportunity Corporation Board.

Election returns canvassed

BENTON--The Scott County board of education Monday night canvassed the April 1 election returns and officially declared that Eugene Stubbs of Chaffee was re-elected as a member from the first district and that Boyd Duff of Diehlstadt was re-elected as member from the second district.

Stubbs had a total vote of 2,206 and Duff had a total vote of 1,437. Both were unopposed for the positons.

Elected as officers Monday night were Kenneth Rainey of Scott City as president of the board, J.A. Tyler of Oran as vice president and Howard Reed of Sikeston as secretary of the board. T.E. Stallings of Sikston is the other member of the board.

The main purpose of the board is to aid in the reorganization of school districts.

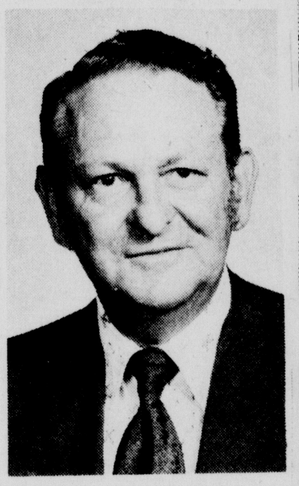
Also at Monday's meeting, the board approved Reed as a member of the Delta Area Economic Opportunity Corporation Board.

FUNNY BUSINESS *By Roger Bollen*

Realty firm opens

First Realty of Sikeston opened April 1 at 217 S. Kingshighway with Jeanette Waldman as broker and Mildred Gilmore Associate. The two women have 25 years of combined experience in listing and selling residential, commercial and farm real estate. Mrs. Waldman was a broker and corporation officer for Elliot-Newton Real Estate for the past five years. Mrs. Gilmore was formerly associated with Charles Mitchell Real Estate.

Former Sikeston man opens Illinois office



Harley B. Propst

Harley B. Propst, Jr., architect, a former resident of Sikeston, has opened offices in Marion, Ill. at 1010 West DeYoung St.

Propst has lived in Southern Illinois since 1960, presently residing in Herrin, Ill.

He has been active in the architectural profession for over 24 years in the design and production of a wide range of projects throughout the mid western and southern states, while being associated with several large and medium-sized architectural and engineering firms. He is experienced in the design of all types of buildings, including residential, commercial, industrial and institutional buildings, having had experience in all phases of construction work.

After a tour of military service, he acquired his formal education at the School of Engineering and Architecture, University of Kansas, Lawrence, Kans, majoring in architecture, and minoring in architectural engineering and civil engineering. He is a registered architect in several states, including Missouri and Illinois.

Propst is a membr of the Society of American Registered Architects and a professional member of the Construction Specification Institute. He has served on various committees of civic organizations and is past commander of the American Legion Post at Edgewood, Ill. and also past county commander of American Legion of Effingham County, Ill.

Propst lived in Sikeston for many years and is a graduate of Sikeston High School. His brother, Lanus Propst, owns and operates Propst Mobile Homes in Sikeston.

Landscaping equipment discussed

Charlie Terrell, left, president of Terrell Lime and Fertilizer Inc., discusses a large piece of landscaping equipment with Pat Lea, president of First National Bank. Russ Skinner, the driver, prepares to operate the equipment which is the only one of its kind in Southeast Missouri according to Terrell. Terrell Lime and Fertilizer Inc. recently landscaped the area around the new OFMCO warehouse which is being constructed on Blodgett Road.

Felts to be featured at Bootheel Jamboree

BERNIE–Narvel Felts, a native Southeast Missourian, will be the featured entertainer Saturday night at the Bootheel The jamboree show begins at 8 p.m.

A Malden resident, Felts was named by the Billboard Country Music Survey as one of the top 10 country singles artists for 1974.

Felts' most recent record "Reconsider Me" came in with a 'bullet' last week, meaning that its was named one of the six fastest rising records in the nation for that week. It has been picked by trade magazines to be a top 10 record in the nation. Last week the record was number 86 with a bullet and this week is number 76 with a bullet. Advance reports from the industry indicate the record will come in next week as number 62 with a bullet.

Felts first hit record was "Honey Love", a 300,000 seller rock record in 1959. Other records by Felts which made the top 10 include "Mountain of Love", "Drift Away," "All in the Name of Love," "When Your Good Love was Mine," "I Want to Stay," "Until the End of Time" (duet with Sharon Vaughn), and "Raindrops".

He has recorded three albums, "Drift Away," "When Your Good Love was Mine," and "Raindrops."

Narvel Felts

Along with his recordings, Felts has appeared on many of the top television shows, including Porter Wagoner Show, Ian Tyson , Show, Ralph Emry Show and has appeared on the Grand Ole Opry. In 1974 he was one of the stars of the Webley Festival in London, England and was selected by the Country Music Association to appear for the Missouri Broadcaster's Convention in Springfield.

WEST MILFORD, N.J. (AP) — Though native to a subtropical climate, the 35 African lions at Jungle Habitat, a drive-through animal park here, have adapted happily, and in their own special way, to the cool northern New Jersey winters.

According to Richard L. Needleman, general manager of the 1,000-acre preserve, his lions spend a good deal of time together in the winter months inside their warm, comfortable shelters, where they have taken to mating, which has produced several new cubs in time for the park's opening in April.

Thornton named chairman

Dr. Fred H. Thornton of 8 Beaird Dr., has been appointed local chairman for the Committee on Trauma of American College of Surgeons by request of state chairman Dr. Frank Mitchell of Columbia.

The appointment will be for an indefinite length of time with the primary responsibilities being to educate for trauma in the Sikeston community through training programs for ambulance drivers, and mass casualty programs for the hospital.

Other area chairmen serve in Cape Girardeau, Kennett , Poplar Bluff and Crystal City. Dr. Max Heeb 928 Hawthron, was the former Sikeston chairman.

Focus on business

Warehouse construction begins

Progress has already been made on the new OFMCO warehouse, to be constructed on Blodgett Road, and the grounds of the industrial park surrounding the new waehouse.

Although ground was broken only March 24, the foundation of the building is ready and the land has been put to grade.

The land surrounding the OFMCO Warehouse location has been covered with two different applications of limestone, (white and red), and two different applications of fertilizer. The ground was then disked, rolled with a roller, seeded three different directions and rolled again. The complete job of preparing the land was contracted and overseen by Terrell Lime and Fertilizer Inc., Highway 62 Est, Sikeston.

Charles Terrell, president of Terrell Lime and Fertilizer Inc., expects the grass to be up soon, providing the winds remain mild until that time. The company is planning to install an irrigation system immediately in order to maintain a good lawn through July and August, the hottest summer months.

Operating results announced

MEMPHIS, Tenn.--J.R. Hyde, III, President of Malone & Hyde, Inc., announced today the operating results for the third quarter and the 36 week of fiscal 1975.

Sales for the 12 weeks ended March 8 were $196,876,486. This is a $29,592,219 or 17.69 per cent increase over sales of $167,284,267 for the same period last year.

Net income increased 10.39 per cent to $2,779,659 or 42 per cent per share compared to income from continuing operations of $2,518,076 or 38 cents per share for the comparable period last year.

For the 36 weeks sales totaled $598,589,510, up $119,473,098 or 24.94 per cent compared to sales of $479,116,412 for the prior year.

Net income for the 36 weeks equaled $8,189,301, up 30.43 per cent over the prior years' income from continuing operations of $6,278,543.

Earnings per share for the 36 weeks advanced to $1.23. Net earnings per share for the same period last year totaled 89 cents per share after a loss of 6 cents per share from discontinued operations.

"We are very pleased with these operating results", Hyde stated, "and are confident that for the year sales, earnings and earnings per share will advance to record levels. We are also gratified by the growth that our independent supermarket customers have been achieving. Since July 1 , our customers have opened 43 newly constructed supermarkets and acquired 34 locations formerly occupied by chain supermarkets."

Other notable events include the recent openings of two new 260,000 square foot warehouses, one in Beaumont, Tex. and theother in Monroe, La. Each is a replacement facility and part of an aggressive warehouse expansion program the Company has undertaken.

Letters to the Editor

April 5, 1975

Dear Mr. Blanton,

On behalf of Sikeston Junior Woman's Club, I would like to thank the following people and businesses for their help and donations for our annual Easter Egg Hunt:

Malone & Hyde, IGA, Bloemer's, Liberty, Learue & McKinnie, Hornback's, Proffer's, Quick Sack, Pardon's, Ziegler's, Barkett's, Wade's, Mark's, Lindsey's M & H, Barney Caldwell, Carol Presley, and the Chief of Police for his willingness to start the hunts.

Because of the bad weather we were unable to hold our hunt, but our proceds from the egg sale are going to the Pediatrics Ward of the Missouri Delta Community Hospital.

Sincerely,

To The Editor;

I am writing this letter in hopes you will print it and maybe some cruel-hard-hearted person will take notice.

Last Sunday some awful person or persons dropped four very small puppies, too little to make their own way, near our farm. I think this is one of the cruelest things anyone can do. If people want to get rid of their un-wanted puppies kill them when they are born, not drop them off somewhere to starve to death.

To make things worse my husband is a soft hearted person, so he picks these poor little things up and brings them home. A home that already has 6 dogs. We are now feeding the lot of 10. Should anyone be interested intaking one or all of these puppies off our hands call 471-4098 in the evening.

I need not say if we catch anyone dropping their puppies - kittens or other animals to starve to death, they will be turned over to the proper authorities and if possible they will be prosecuted.

Woman attends decorating school

ARLINGTON, Texas--Janet Byerly of Sikeston Lumber Co., has completed a course in custom window design and correlation of home furnishings at the Norman's of Salisbury Southwest Drapery and Decorating School in Arlington, Tex.

The more that 200 retailers from across the country attending this School participated in workshops covering all phases of custom window treatments, from design to the performance and care of the many fibers and fabrics in use today, with emphasis on the importance of good window design through the practical application of colors, fabrics and styles to the varying needs and life styles of today's consumers.

Retailers also saw the new Bedmates, Norman's of Salisbury's newest collection of coorinated bed coverings and were introduced to the new pillow collections, to be available at retail stores this spring.

A tour of the firms' Arlington workrooms, where customers' orders are cut and made to their exact specifications, concluded the three-day School.

Last Sunday some awful person or persons dropped four very small puppies, too little to make their own way, near our farm. I think this is one of the cruelest things anyone can do. If people want to get rid of their un-wanted puppies kill them when they are born, not drop them off somewhere to starve to death.

To make things worse my husband is a soft hearted person, so he picks these poor little things up and brings them home. A home that already has 6 dogs. We are now feeding the lot of 10. Should anyone be interested intaking one or all of these puppies off our hands call 471-4098 in the evening.

I need not say if we catch anyone dropping their puppies - kittens or other animals to starve to death, they will be turned over to the proper authorities and if possible they will be prosecuted.

Woman attends decorating school

ARLINGTON, Texas--Janet Byerly of Sikeston Lumber Co., has completed a course in custom window design and correlation of home furnishings at the Norman's of Salisbury Southwest Drapery and Decorating School in Arlington, Tex.

The more that 200 retailers from across the country attending this School participated in workshops covering all phases of custom window treatments, from design to the performance and care of the many fibers and fabrics in use today, with emphasis on the importance of good window design through the practical application of colors, fabrics and styles to the varying needs and life styles of today's consumers.

Retailers also saw the new Bedmates, Norman's of Salisbury's newest collection of coorinated bed coverings and were introduced to the new pillow collections, to be available at retail stores this spring.

A tour of the firms' Arlington workrooms, where customers' orders are cut and made to their exact specifications, concluded the three-day School.

Kenya's Lake Rudolf, nearly 155 miles long and 35 miles wide, was a vastly larger some 10,000 years ago when it apparently connected with the Nile River. Nile perch, weighing up to 200 pounds, are

Felts to be featured at Bootheel Jamboree

BERNIE--Narvel Felts, a native Southeast Missourian, will be the featured entertainer Saturday night at the Bootheel

The jamboree show begins at 8 p.m.

A Malden resident, Felts was named by the Billboard Country Music Survey as one of the top 10 country singles artists for 1974.

Felts' most recent record "Reconsider Me" came in with a 'bullet' last week, meaning that its was named one of the six fastest rising records in the nation for that week. It has been picked by trade magazines to be a top 10 record in the nation. Last week the record was number 86 with a bullet and this week is number 76 with a bullet. Advance reports from the industry indicate the record will come in next week as number 62 with a bullet.

Felts first hit record was "Honey Love", a 300,000 seller rock record in 1959. Other records by Felts which made the top 10 include "Mountain of Love", "Drift Away," "All in the Name of Love," "When Your Good Love was Mine," "I Want to Stay," "Until the End of Time" (duet with Sharon Vaughn), and "Raindrops".

He has recorded three albums, "Drift Away," "When Your Good Love was Mine," and "Raindrops."

Narvel Felts

Along with his recordings, Felts has appeared on many of the top television shows, including Porter Wagoner Show, Ian Tyson , Show, Ralph Emry Show and has appeared on the Grand Ole Opry. In 1974 he was one of the stars of the Webley Festival in London, England and was selected by the Country Music Association to appear for the Missouri Broadcaster's Convention in Springfield.

WEST MILFORD, N.J. (AP) — Though native to a subtropical climate, the 35 African lions at Jungle Habitat, a drive-through animal park here, have adapted happily, and in their own special way, to the cool northern New Jersey winters.

According to Richard L. Needleman, general manager of the 1,000-acre preserve, his lions spend a good deal of time together in the winter months inside their warm, comfortable shelters, where they have taken to mating, which has produced several new cubs in time for the park's opening in April.

Today in U.S. history

By The Associated Press

Today is Wednesday, April 9, the 99th day of 1975. There are 266 days left in the year.

Today's highlight in history:

In 1865, the Civil War ended as General Robert E. Lee surrendered to General Ulysses S. Grant at Appomattox Court House, Virginia.

On this date —

In 1682, the French explorer, La Salle, reached the Gulf of Mexico after traveling down the Mississippi River.

In 1833, the first public library in the nation to be supported by municipal taxes was founded in Peterborough, New Hampshire.

In 1939, 75,000 persons crowded around the Lincoln Memorial in Washington to hear the Negro singer, Marian Anderson, after she had been barred from Constitution Hall.

In 1940, in World War Two, Germany invaded Norway and Denmark.

In 1942, after more than three months of resistance, American and Filipino forces on Bataan in the Philippines were overwhelmed by the Japanese.

In 1963, Sir Winston Churchill was proclaimed an honorary citizen of the United States.

Ten years ago: President Lyndon Johnson took part in the official opening of the Astrodome stadium in Houston, Texas.

Five years ago: The death toll was put at 73 in a gas explosion and fire at a subway construction site in Osaka, Japan.

One year ago: President Richard Nixon inspected tornado damage in Xenia, Ohio, where 1,100 homes had been damaged and 35 persons killed.

Today's birthdays: Former Democratic Senator J.W. Fulbright of Arkansas is 70 years old. French actor Jean-Paul Belmondo is 41.

Today in U.S. history

By The Associated Press

Today is Wednesday, April 9, the 99th day of 1975. There are 266 days left in the year.

Today's highlight in history:

In 1865, the Civil War ended as General Robert E. Lee surrendered to General Ulysses S. Grant at Appomattox Court House, Virginia.

On this date —

In 1682, the French explorer, La Salle, reached the Gulf of Mexico after traveling down the Mississippi River.

In 1833, the first public library in the nation to be supported by municipal taxes was founded in Peterborough, New Hampshire.

In 1939, 75,000 persons crowded around the Lincoln Memorial in Washington to hear the Negro singer, Marian Anderson, after she had been barred from Constitution Hall.

In 1940, in World War Two, Germany invaded Norway and Denmark.

In 1942, after more than three months of resistance, American and Filipino forces on Bataan in the Philippines were overwhelmed by the Japanese.

In 1963, Sir Winston Churchill was proclaimed an honorary citizen of the United States.

Ten years ago: President Lyndon Johnson took part in the official opening of the Astrodome stadium in Houston, Texas.

Five years ago: The death toll was put at 73 in a gas explosion and fire at a subway construction site in Osaka, Japan.

One year ago: President Richard Nixon inspected tornado damage in Xenia, Ohio, where 1,100 homes had been damaged and 35 persons killed.

Today's birthdays: Former Democratic Senator J.W. Fulbright of Arkansas is 70 years old. French actor Jean-Paul Belmondo is 41.
